REAL DANGER NOT SHOWN IN MINE REPORT

Krug Says U. S. Study
In Centralia Didn't Note
'Immediate' Trouble

CENTRALIA, Ill., April 3 (AP)—Secretary of the Interior Grug reported today that a Federal inspection made less than a week before the Centralia coal mine explosion in which 111 died March 25 showed "no imminent danger."

Krug, Federal Coal Mines administrator, submitted what he termed a "preliminary report of the disaster and events leading to it" to a U. S. Senate subcommittee which began a Federal investigation of the tragedy here today.

Krug's report was made in a letter to the subcommittee, which said earlier today it would ask Krug to appear before it in Washington. The body said also it would allow John L. Lewis, head of the AFL United Mine Workers, to appear "if he wants to."

Previous to Krug's report, a company superintendent who testified before the subcommittee revealed for the first time that some of the workers trapped in the mine were taken to the main shaft for aid immediately after the explosion.

Harry Niernan, assistant superintendent of the Centralia Coal company, said concentrations of carbon monoxide and absence of oxygen masks made rescue efforts impossible at the time.

The Senate committee sought to determine the cause of the blast in its questioning of witnesses as Federal mine inspectors continued an underground survey of the workings in other attempts to determine the cause of the explosion.

An electrical flash or a rock or other missile falling into an open box of dynamite caps were suggested as possible causes by two witnesses.

Krug asserted in his report that

Strike Call Hinted By WU Workers

NEW YORK, April 3 (AP)—A nation-wide strike of 50,000 Western Union Telegraph company workers outside of the New York metropolitan area loomed as a possibility today as the AFL Commercial Telegraphers union sent out notices of intent to call a walkout.

Jesse A. Payne, the union president, asserted there had been a "complete collapse of collective bargaining" and accused the company of effecting "wholesale layoffs, down-grading and unilateral wage cuts."

There was no immediate comment from Western Union.

The intent to strike notices were sent to the company, President Truman, the U. S. Labor department and the National Labor Relations board, the union head said.

Burlington 'Zephyr'
Derailed by Tractor
In Chicago Suburb

CHICAGO, April 3 (AP)—At least two persons were reported killed and about 100 injured when the Burlington railroad's speeding Twin City Zephyr was derailed tonight in Suburban Downer's Grove by a tractor that fell from a passing freight.

The eastbound Zephyr passenger train, which a railroad spokesman said ordinarily passes through Downer's Grove at 75-miles an hour, is of modern, stainless-steel construction, and an observer said the structural strength of the cars apparently held down the number of dead.

A reporter said that none of the eight cars in the train was damaged badly.

Nearby Hinsdale sanitarium said that "between 30 and 40 injured persons" had been brought there. Copley hospital at Aurora reported one injured passenger had arrived there.

All cars of the eight-car stainless steel streamlined Zephyr, bound from the Twin Cities to Chicago and due here at midnight (Pottstown time), left the track as the train, which usually sped through Downer's Grove at a 75-mile an hour clip, plowed into the tractor.

The Diesel locomotive smashed 100 feet ahead of the rest of the train, flat on its side. Two passenger cars turned over. Two other cars jack-knifed into the brick railroad station in suburban Downer's Grove, throwing masonry about.

James Jenschke, an eye witness, told a reporter "the train was a tremendous crash. As the cars turned over, a sheet of flame ran along the train on Sunday."

Stowe Ex-GI Finds Good Thing In Developing Airport Business

By FRANK J. DOSTAL
(Mercury Staff Writer)

—Mercury Staff Photo
Airport owner John Basco and his plane.

Hard work, a lot of GI experience and a firm belief in the air future of America is starting to pay dividends to airport owner John Basco, 511 Fairview street, Stowe.

Basco, a former lieutenant in the Army Air Forces, came home from his 17 missions over Germany in a B-17 with a determination to continue in aviation. After looking over various sites in the vicinity of Pottstown, Basco found the airfield he was looking for almost in his backyard in Stowe.

Immediately purchasing the 83-acre tract, he now owns a field which has figured prominently as one of the choices for a Pottstown municipal airport.

Basco, and his wife, Betty, are both pilots and fly at every opportunity. Their year old son is an ardent flying fan. According to his father, the boy is more at home in a plane than he is in a carriage. He often goes on flights with his parents.

"Flying here is a lot more fun than it was overseas," Basco said yesterday, "but I guess combat flying gets everyone down."

On one raid during the war, Basco had four feet of one wing of his plane blown off, and two engines shot out, and still managed to get his bomber home safely. Six different groups of planes poked him up and led him back to his field in England. When he finally brought the plane in, an inspection showed that it had been hit 19 times.

Although the field in Stowe is only a year old, several long distance flights have been made to and from it.

Basco's own plane was flown in to the airport from Wichita, Kansas, by Richard K. Copenhaver, an instructor at the field.

Copenhaver, who is a native of Virginia, recently flew a young girl from Pottstown to New York so that she could visit her mother who was seriously ill. She was at her home in an hour.

Other flights have been made to Virginia, North Carolina, and South Carolina from the field.

Basco, and many of his friends who fly out of the Stowe field, still are working to build up the airport, but a great deal of work has gone into it already.

He started to develop his 83-acre tract along Glasgow street with his partner, Charles J. Novack, also of 511 Fairview street, in February, 1946.

The first task facing the two men at that time was to cut down row upon row of trees that were growing on their future airport. Then the roots had to be dug with bulldozers, and the landing strips leveled and graded.

The first plane came in to the growing field at this time. While the two men were still engaged in cutting trees, a light plane, whose motor had failed over Pottstown, glided in for a safe landing.

"It was a welcome sight," Basco said, "even if he was in trouble. It showed that planes could land here easily. Now we know that we need only 500 feet of altitude to glide into the field from any spot in Pottstown."

As the year wore on, more and more work was done until now, a new cement block hangar, which will house eight planes, and an operations office have been added to the physical equipment of the field.

Basco has spent \$22,000 for the development of the airport so far, and only the money for the hangar was secured under the GI Bill.

Two planes at present use the field as their base

Truman Studies Possible Move To Halt Telephone Tie-up Monday

WASHINGTON, April 3 (AP)—President Truman tonight considered intervening to prevent a nationwide telephone strike which union leaders described as seemingly "inevitable."

Mr. Truman told a news conference he is investigating to determine whether he has authority to seize the industry.

Mr. Truman's seizure powers under the Smith-Connally Labor Disputes act expired the past Dec. 31. Some officials, however, are studying the Federal Communications act, in the belief that it may permit seizure.

Secretary of Labor Schwelbensch said he may ask Attorney General Clark for a ruling on the government's powers.

He informed newsmen, however, he probably will wait until Saturday before making such a request, because experience has shown "they never start talking seriously until the last 24 hours."

John J. Moran, chairman of the National Federation of Telephone Workers, told reporters that if the Government finds a legal basis for seizure, and acts on it, the 287,000 NFW members will stay on their jobs.

Moran made this comment as he emerged from a government-sponsored negotiating session with the American Telephone and Telegraph company's long distance service section.

All concerned conceded that the negotiations are in a stalemate.

(Continued on Page Twenty)

Telephone Walkout Would Be Felt Only Slightly Here

Pottstown will not be greatly affected by the nation-wide strike of the National Federation of Telephone Workers scheduled for 6 a. m. Monday.

Philip C. Staples, president of the Bell Telephone company of Pennsylvania, said the only strikers in the immediate area operate one long distance exchange in Philadelphia and "long distance calls" going through the city can be handled by one of the other two exchanges which will not be struck.

Local operators and no other Bell operators in Pennsylvania are members of the NFW. Staples pointed out, contracts with three of the four unions representing employees of Bell Telephone company of Pennsylvania are still in effect, he said.

Negotiations with the fourth union, members of which are in the plant department, have been in

HEARING HELD ON MILK PRICES

Dealers Ask Decrease
Of One Cent; Farmers
Appear in Opposition

READING, April 3—Milk prices for Spring and early Summer will be established in the next three weeks, Harold N. Cobb, chairman of the Pennsylvania Milk Control board, promised today at the conclusion of the day-long hearing on milk prices for the Reading-Berks county marketing area.

Eight witnesses, representing dealers and 125 farmers, members of the newly-formed Dairy Farmers Protective association, jammed Courtroom 4 in the courthouse to present their sides of the issue important to farmers, dealers and consumers.

The principal issue before the commission was: Should milk prices continue at a constant level or be liable to seasonal ups and downs?

Willis F. Daniels, counsel representing the milk dealers, opened the testimony. He said:

"Milk dealers do not intend to quarrel with producers concerning any fair estimate as to cost of production. It is not the position of the milk dealers to say that the average return to the producer should be lowered on a yearly basis."

"The system of level prices to the producer throughout the year

Solemn Adoration Services in Local Churches To Commemorate Christ's Death on the Cross

Thousands of Pottstonians will pause at noon today to reflect, and many will attend church services throughout the borough in memory of Christ's last agonizing hours on earth.

Some business establishments will be closed from noon to 3 p. m., and many will give their employees an opportunity to attend Good Friday church services during those hours.

In the evening, the day, the most solemn in the Christian calendar, will be further commemorated with union services, music, and motion pictures of a religious nature.

"The King of Kings," a motion picture devoted to the life and

teachings of Christ, will be shown at 7:45 o'clock tonight in the Sunday school room of Trinity Reformed church, and again Sunday night at 7:30 o'clock.

Recalling the last few days of Jesus' life on earth, Maunders' cantata, "Olivet to Calvary," will be sung at Emmanuel Lutheran church, Hanover and Walnut streets, at 7:30 o'clock tonight by the senior choir.

This traditional music is in two parts, the first depicting his last scenes on earth, the second proceeding from the Last Supper, through the appearance before Pilate, to the climax at Calvary.

Soloists for the cantata are Mrs. LeRoy Moyer, Freda Schindler,

Howard Hallman, and Alton Peterman.

Members of the chorus are Laura DeVries, Mrs. Donald Fulman, Mrs. Ambrose Freese, Freda Gies, Mrs. Gerald Hipple, Martha Kuechler, Susan Kuechler, Elsie Lafferty, Mrs. Harry Renninger, Mildred Shinnhouse, Mrs. Mabel Schroeder, Mrs. Ralph Schwenk, Clara Smith, Hazel Sotter, Geraldine Stricker, Mrs. William Wolfe, Mrs. J. Harold Yocum, Woodrow Bickel.

Myron Himes, Gerald Hipple, Albert Koehel Samuel Kroyer, Paul Kuechler, LeRoy Moyer, Earl Nace, Ralph Schwenk, Donald Schaeffer, Russell Schutt, Raymond Smale, Walter Sotter, J. Harold Yocum.

SENATE BALLOT GIVES TRIUMPH TO LILIENTHAL

Legislators Refuse
To Return Nomination
For FBI Investigation

WASHINGTON, April 3 (AP)—David E. Lilienthal, President Truman's choice for chairman of the atomic energy commission, scored a major victory today when the Senate refused, 52 to 38, to send his nomination back to committee for an FBI check.

The vote was widely interpreted as meaning that the Senate will confirm Lilienthal when a final vote comes, perhaps next week.

Sensors Vandenberg (R-Mich) and Taft (R-Ohio), sometimes regarded as the "big two" among Senate Republicans, split on the issue.

Taft supported the recommitment motion offered by his first term colleague, Senator Bricker (R-Ohio).

Vandenberg, hardly an hour before the vote, appealed for rejection of the motion and for quick confirmation of Lilienthal as a "reliable" man.

The Senate had agreed in advance to recess until Monday if the Bricker motion lost.

The breathing spell will give Lilienthal's opponents an opportunity to decide whether to carry on the fight next week in the face of apparently insurmountable odds.

Both sides said the opposition probably mustered its greatest strength in today's test.

The Senate galleries were crowded for the crucial vote and spectators broke into loud applause when Vandenberg finished his vigorous argument for Lilienthal.

Voting to recommit were 31 Republicans and 7 Democrats, while the victorious side included 18 Republicans and 34 Democrats.

It was a big defeat for Senator McKellar (D-Tenn.), who has been fighting Lilienthal at every opportunity for years.

McKellar in another last move blocked an effort by Senator Hickenlooper (R-Iowa) to get an agreement to vote on the Lilienthal nomination at 5 p. m. Monday.

Vandenberg said the committee's examination of the nominee was the most exhaustive and thorough he could recall in 19 years of service and he urged

"without further investigation." He declared that "logic, equity, fair play and a just regard for urgent public welfare" demand approval of President Truman's choice at once.

He said atomic development in the United States has been "stagnating too many months" because of the uncertainty.

He told the Senate and the packed galleries that Lilienthal is "no part of a Communist," and has no sympathy for Communism or for the United States.

There was a "tiny group" of Communists in the Tennessee Valley authority when Lilienthal was TVA's chairman, and he is sorry Lilienthal did not root them out. But he added

Taxpayer Majority At Norco Requests Township Policeman

A petition demanding a policeman for North Coventry township and bearing the names of the majority of taxpayers of the township has been presented to the board of supervisors, it was learned last night.

Harry E. Yocum, chairman of the board, said last night that document carried the names of a majority but declined to mention the exact number.

A special meeting of the board will be called for a decision on the matter, he said, but declined to say when.

"I have no idea what action will be taken," he said.

Yocum previously stated that if the majority of taxpayers in North Coventry wanted a replacement for John J. Boyle, police chief who resigned the past Monday, another would be hired.

The petition, parts of which were dispersed to the various communities in North Coventry to facilitate signing reads: "We, the undersigned, citizens of North Coventry township, County of Chester, Commonwealth of Pennsylvania, hereby petition for a uniformed officer to replace John J. Boyle, whose resignation becomes effective April 1, 1947."

The paper was signed by a majority of the approximately 1800 taxpayers who felt that a police officer's presence in the township materially reduced traffic violations in the area.

Chiefly responsible for circulation of the paper is George W. Loht, of 36 West Main street, South Pottstown. Loht was unavailable for comment last night.

Boyle was hired over five years ago when a fatal accident near Kenilworth aroused the community to make the township's highways safer.

In his five-year tour of duty Boyle materially reduced the accident rate.

(Continued on Page Twenty)

Boyle was killed in a car accident near Kenilworth, Pa., in 1941.

The paper was signed by a majority of the approximately 1800 taxpayers who felt that a police officer's presence in the township materially reduced traffic violations in the area.

Youth Injured As Motorcycles Crash on Pike

George E. Bagenstose, 21, of Birdsboro, suffered a fractured skull and body injuries in a crash of two motorcycles about 8:20 o'clock last night on the Reading pike, west of Stowe at the Montgomery-Berks county line.

Bagenstose was the first in a group of four motorcycles proceeding up the road, when he apparently struck the abutment in the center of the four-lane highway.

His vehicle was thrown to the right and into the path of another cycle driven by Raymond W. Keeler, 19, Pottstown, RD 1. Bagenstose was thrown from his seat, but Keeler was not seriously injured.

Betty Jane Christman, Road A, Hilldale, who was riding in the rear of Keeler's motorcycle, suffered injuries of the right leg for which she refused treatment at Memorial hospital.

Bagenstose was driven to the Memorial hospital by Coji Maddona, Douglassville RD 1, who witnessed the accident.

A third cyclist, Tony Salvatore, Apple street, was questioned by State police of the Reading barracks at Memorial hospital. A fourth cyclist was unidentified.

The policemen investigating the accident last night were Philip P. Chulick and Edmund V. DeLoe, of Reading barracks. They said that a further investigation will be made.

Christians, Jews and Arabs to Pause For Special Prayers in Holy City Today
JERUSALEM, April 3 (AP)—The peoples of three faiths will offer up their prayers in Jerusalem tomorrow in the Holy Day services of each religion.
Throughout all Christendom the prayers of the devout will mention Jerusalem, where churchmen will lead Good Friday services in the very places where Jesus Christ suffered.
Moslems of the Islamic world commemorate the day for the death of the prophet Moses, as Jerusalem's Moslems make the annual pilgrimage to the small desert shrine near Jerich where Mohammed's adherents believe Moses lies buried.
For Jews it is the 3395th anniversary of the date Moses led his people out of Egypt.
Christian services in this troubled land commemorate the day on which Christ was tried, scourged and crucified and include a symbolic procession along the Via Dolorosa (way of sorrows) which is believed to correspond to the path He trod when He shouldered His cross and was led to Calvary.
Along the grubby streets of the old city, past the stations commemorating some incident in Christ's tortuous journey, priests and pilgrims will walk and pray as they march toward the church of the Holy Sepulchre, but over the presumed site of Calvary.
Oldest festival of all celebrated tomorrow is the Jewish Passover, commemorating the incident mentioned in the book of Exodus when the Jews in Egypt were spared as the angel of death passed over because they had smeared a sign on the doors in the blood of the lamb.
The traditional Passover feast begins in Jewish homes in the early evening since the eight-day Passover starts at sunset. Matzo, unleavened bread, is eaten to recall that Moses and his band did not have time in flight to bake leavened bread, but had to roll thin sheets of unraised dough and bake them in the sun.

Italian Nobleman Slain With Ancient Halberd
MILAN, Italy, April 3 (AP)—The slaying of a wealthy nobleman with a medieval halberd at his Lake Garda estate during a violent storm has presented Italian police with a murder mystery of classic pattern.
The victim, Count Giovanni Pellegri Malfatti, 52, former Fascist mayor of the town of Garda, was killed shortly after midnight last Saturday with a spear-like axe taken from his collection of ancient weapons.
Police say they have made little progress in solving the mystery.

Limit on Presidency Approved in Illinois
SPRINGFIELD, Ill., April 3 (AP)—The Illinois Legislature today ratified the proposed amendment to the United States Constitution limiting future president to two full terms or not more than ten years.
Voting along party lines, the Republican-controlled House adopted the proposal, 80 to 50. The Senate approved it, 35 to 10, yesterday. Illinois was the sixth state to ratify the proposed amendment.

Worth Waiting For
ENORMOUS outlays of money by the borough of Pottstown were presaged by demands of firemen for better fire-fighting facilities, as well as the hopes of residents that acquisition of the Pottstown Water company would result in increased supplies of water.

Pottstown's firemen want the water pressure boosted. They want more and better fireplugs. They want a new \$50,000 fire alarm system.

Residents want more water pressure. For some say they can't put faucets above the ground floor.

Borough Manager Dow I. Sears is going to be busier than the apocryphal one-armed paperhanger with the hives when and if Pottstown acquires the water company.

In behalf of the borough, he will have to make extensive improvements and additions to the water system. He already has planned for some changes. Water pipe, for instance, is on order against the day when mains must be replaced or enlarged.

Borough authorities recognize the needs for extensive repairs and additions. They know it is going to cost a lot of money. But they also recognize this is the way to provide services they owe Pottstown citizens.

What improvements to the present fire alarm system or the substitution of a new one will cost have not been determined. The bill will be high. Borough council then must decide whether it wishes to float a loan to pay for that work.

Certainly all these improvements are necessary. Every householder should be provided with ample water supplies, and hence adequate fire protection.

Pottstown's fire companies have the most modern equipment obtainable. But all those efficient engines are worthless if they can't pump water free of solids from the mains.

The efficient fire fighting is worthless, too, if false alarms scatter the firemen willy-nilly throughout the borough.

Pottstown needs all these improvements.

But the householder and the fire-fighter ought to realize that they won't come overnight. Borough hall isn't populated with magicians. But can't offer a few abracadabras and pull the improvements out of a hat.

It will take time to modernize the water main system under Pottstown's streets. The work will be slow and costly.

But it's coming. And that's something to look forward to.

Most Unforgettable Picture

THE most unforgettable picture in history is the dramatic contrast between the compromising Pilate, with all the power, pomp and circumstance of Rome behind him, and the loving non-violent Jesus, Prince of Peace and King of Kings, accepting without hate or retaliation, the Roman judgment of death upon a cross," says Dr. Charles F. Boss, secretary of the peace commission of the Methodist church.

"It was not easy, not so simple for Pilate, who was in a practical situation, to decide between the interests of Rome, the demand of the Sanhedrin, his own interest and the justice due an innocent man in whom he found no fault.

"It was not easy for Jesus to endure the humiliation, the loneliness and the pain of the Cross.

"But it was Jesus, and not the compromising Pilate, through whom the redemptive power of sacrificial love on the Cross was released into the stream of history."

Mother Love

UNDOUBTEDLY the holiest earthly love, that form of affection which comes closest to the love that fills the Heavenly Father's heart for His earthly children, is found in the unselfish and tender devotion of the good mother for the babe that finds a secure shelter in her arms. It is an emotion which is absolutely unselfish, destitute of every element save that which would gladly suffer all things for the protection of the helpless little one.

Nor can we think of the many things that are so enduring as mother love. Many times the child grows to despise the mother. Her heart is torn by bitter anguish, but there is wisdom in her reserve in her unselfish love. No matter what the case of the world may think of her love, it is the love of a mother, the object of her affection, the child's chief joy, the child's chief sorrow, the child's chief comfort, the child's chief refuge, the child's chief love, the child's chief life, the child's chief hope, the child's chief joy, the child's chief sorrow, the child's chief comfort, the child's chief refuge, the child's chief love, the child's chief life, the child's chief hope.

Grampaw Oakley

PINKIE CORNERS
Editor, The Mercury
Dear Sir: In Brother

Wal, this warm weather has caused me to look over the garden equipment. The wheel of the lawnmower moved, but that was all. The blades were rusted solid enough to defy a charge of TNT.

There were so many holes in the garden hose that I'm sure the termites switched this winter from wood to a strict rubber diet. Even the handle had disappeared from my shovel.

And say, The sprinkling can had developed so many holes in the bottom it looked like a sieve. But I'll have a nice lawn and garden this summer — if some kind person will donate the seeds!

Hopin' you air the same.

GRAMPAW NED OAKLEY

Build Character In Church and Play

Poetry and communications advocating the election of political candidates are not acceptable.

By MERCURY READERS

Houses and Park Deserved

To the Editor: Pottstown does need homes more than anything. Only when one has lived under the circumstances our fine veterans have been forced to live in will people realize. Christian response to sacrifice is lacking. A park is essential to a fine place like Pottstown. We have a good start at Manatwamy park. Surely our people deserve a park as well as homes to live in.

Gambling is flourishing in Pottstown. We are paying a police force, aren't we? We do support county heads at Norris-town. Where are their principles? To shop in a store cluttered by horse race addicts is unpleasant.

Parent-teacher associations could appeal to the local theater managers for character building films, especially for Saturday matinee. Our children absorb traits every day, and they become part of their personality.

Clubs I know of meet Sunday at church time. This is serious. It has been proven no organization, town or nation can survive without the influence of God's word.

We should also call on our school board to be sure our high school is doing a thorough job. Many of our future citizens are receiving their last formal education right now.

Pottstown is a pretty good town, but we do need improvements. Let's not pass the buck to the clergy. Each man to his post.

Pottstown HELP WANTED

Morale Booster Essential

To the Editor: By far the greatest need is for a year-round recreation center.

We need a place near High street where a married couple, a girl with her best friend or an unattached person can go alone or with friends to spend a pleasant and enjoyable evening at their favorite amusement, be it dancing, games, or perhaps reading the best current literature or just eating ice cream at the soda fountain. This would be a great morale booster for those who are forced to live in close quarters.

The extent of the dividends from such a character building investment would be greater than one ever dreamed of and Pottstown would receive the annuities for years to come. One need only scan the pages of any daily paper to realize that this is the major project for our community. With the proper sponsorship in time such a center would be self supporting.

Are we really concerned with the future welfare of our boys, girls, men and women? If so, get behind such a project that will benefit the entire town, and the police force will not need to be enlarged.

Pottstown MRS. A. M.

Pottstown High School Seniors Say What Pottstown Needs Most

By RICHARD KEIM

Pottstown's real need is a good municipal airport. An airfield capable of handling heavy traffic would open new horizons for Pottstown. Aviation is here to stay. Its practicability has been proven many times and its opportunities are unlimited. For the betterment of the town, make a place in aviation suitable to our needs.

By BETTY MOYER

Most of the streets are in very bad condition. Many have not been repaired recently because of the scarcity of materials but now that materials are available I think they should be repaired.

The water from the Schuylkill may be all right, but I don't see how anyone can drink it. It would cost Pottstown something to change the water system but the result would be worth the expense.

The town should have more adequate parking facilities. Anyone who uses a car for shopping has a hard time finding a place to park in the shopping district.

By JEAN KUNKLE

Pottstown has only one decent street—High street. The rest resemble alleys and are so full of holes your car's life is risked every time you go out. Have the streets repaired and then kept in good condition.

I can't understand how water that tastes so vile can be good for you. Traffic signals should be placed at many intersections. No-parking signs should be placed on certain side streets. Municipal garbage collection should be installed.

Raise the taxes! If the people would only realize it costs money to run a town they'd be willing to pay accordingly. Our town would become a much better place in which to live.

By GLORIA GAUGLER

I believe Pottstown needs better police protection. If merchants can have better protection, why can't the citizens have it? I want the police give protection only where illegal incidents have occurred. When police are stationed at banks and stores they are there for about a week and then disappear.

By GLORIA PETZER

Pottstown needs more recreation centers. There are only two places for teenagers to go and only a very few for people over 21 and only a very few for people under 21.

If people had some place to go to and dance and be around people their own age they wouldn't mind living in Pottstown.

Krug Management Target of Congress

By RAY TUCKER

WASHINGTON, April 3—Congressional dissatisfaction with Interior Secretary J. A. Krug's management of the nation's two competing sources of industrial energy—"black" power and "white" power (coal and water)—has reached such a peak that the House Appropriations Subcommittee handling funds for western and southwestern reclamation projects, Bonneville Dam and similar federal developments has cut administrative allowances to the starvation point.

The hostility toward Krug, who has won a reputation as a competent public servant in TVA and the War Production Board, showed itself behind executive session doors long before John L. Lewis accused him of "criminal negligence" in connection with the Centennial mining disaster. But that tragedy has bulwarked the movement to force him to quit in disgust and resentment.

Another prospective victim of the "economy purge" is Michael Straus, erstwhile friend and favorite of Harold L. Ickes, who is more unpopular on Capitol Hill now than he was when he served as F.D.R.'s "hatchet man." The "old curmudgeon" elevated Straus to the post of Reclamation Commissioner just before the Cabinet member was asked to step down and out by President Truman in the Pauley affair.

"STARVE": The Appropriations Subcommittee "gunning" for Krug and Straus is headed by Representative Robert E. Jones of Ohio, an arch-conservative and an enemy of "New Deal collectivism," as he describes the public power program, ever since he entered the House.

Now that GOP political control has placed him in command of this extremely important appropriations group, he is swinging the economy ax where it hurts.

Although the Republicans have made no attempts to remove basic New Deal legislation from the law books, they are arriving at that objective by their power over the amount and the allocation of federal funds.

"Starve 'em out," is the GOP's slogan and strategy.

Incidentally, the Republicans believe that they can make political capital with Lewis's 450,000 coal miners through their war on Mr. Krug and his administration of "white power."

"SHORTAGE": Dr. Paul Raver, the director of the Bonneville power project and a Krug subordinate, had a particularly unhappy day when he appeared before the Jones Committee.

When the Ohioan reports the Interior Appropriation Bill to the House a few weeks hence, he will cite Dr. Raver's admission as evidence that New Deal wartime favorites benefit from administrative partiality at the expense of the taxpayers.

Dr. Raver first testified that Bonneville could not meet industrial demands for power in the expanding, up-and-coming Northwest; he said that he was suffering from a shortage rather than a surplus. Sales were on a day-to-day basis, he added, and there were no long-time contracts.

Then Jones brought out that Bonneville had a ten-year contract for supplying power to Henry J. Kaiser's shipwelding plant at an extremely low figure—far lower than most manufacturers pay.

The Worry Clinic

By DR. GEORGE W. CRANE

MILDRED Q. 19, has some profound questions.

"I feel uncertain what to do regarding petting, so I should like to ask a few questions, Dr. Crane," she began our interview.

"To keep a boy interested, is it necessary for a girl to allow a few kisses and hugs?"

"Does a girl's refusing to pet cause most boys to stop trying to date that girl?"

"Is it natural for boys to want to kiss the girls they date even though actual love does not enter into the matter?"

"Does a boy respect a girl who freely bestows kisses and affection on her secrets?"

"Is it better for a girl to be so highly respected that she goes dateless, or would it be better to allow a little petting?"

There are many kinds of kisses, ranging from the dutiful peck on the cheek, the decorous kiss for grandparents, the kiss of salutation or goodbye, the romantic kiss of true love, and the sensuous, slobbering kiss whose purpose is to intoxicate a girl emotionally so she will permit anything.

Under modern conditions where marriage is deferred till the middle thirties, it is unusual for a girl to reach matrimony without having been kissed. But kissing is not absolutely necessary for winning a boy friend.

Under a romantic moon and with a respectable young man who idealizes the girl, she may be entitled to give a good-night kiss, even though not engaged.

Her kisses should be reserved as the "dessert" course competing a happy evening of dancing, theater, etc. And like dessert, they should be indulged in sparingly and daintily.

Too many young people want to spend the whole evening petting. This is wrong. It is a form of "indirect sexual gratification." It cheapens a kiss and takes it out of the realm of real romance and artistry.

But most Americans are quantity minded. Even as regards their use of alcohol, they have little sense of the esthetic. The French criticize Americans for being liquor gluttons.

Where the Frenchman admires his class of wine, inhales its fragrance, holds up the glass to enjoy its sparkle, and then deliberately but slowly sips the liquor, the American usually swills down a dozen drinks in rapid succession until he is dead drunk.

And next morning he proudly goes around boasting that he was "tight" or "brave" about how many drinks he took before he fell under the table!

The clod until a boy gets out of kissing a girl's face, inflation he obtains from dominating her and thus forcing her to do his bidding.

But a smart girl can inflame a man's ego even without giving him a single kiss! Some of our most popular college girls seldom let a boy kiss them.

So a girl can win a husband and still remain respected and respectable without degrading herself to the level of a common drinking cup, used by everybody.

In Hollywood

By JIMMIE FIDLER

HOLLYWOOD, April 3 — I'm beginning to think that we Americans are being bamboozled again—this time by a group of professional agitators who make it their business (and I do mean business) to find intolerance where none exists in fact. I believe that they, by deliberately and unscrupulously making mountains out of all the molehills they can find, are breeding far more intolerance than the things that they so vociferously decry.

For instance, consider the hysterical accusations leveled against Walt Disney's "Song of the South," because it showed Negroes as contented people, despite the fact that they were enslaved. "Intolerance!" shrieked a few rabble rousers, and succeeded in stirring up such a tempest in a teapot that Negroes picketed a number of theatres that booked the Disney film.

Consider the asinine charge leveled against "Duel in the Sun" the other night by a local psychologist when he addressed a large gathering. He insisted that that picture deliberately and craftily breeds racial intolerance by crediting the virtues of the halfbreed, Pearl, to her white ancestry and her vices to her Indian blood. Insidious propaganda, he concluded.

It is strange, to say the least, that the voices which shriek accusations of intolerance the loudest are those of the men and women most closely identified with the Communist Front, dedicated to the stirring up of internal dissension as part of a program to weaken and overthrow our American form of government.

It seems to me that we're acquiring, in this country, a devil of a lot of people who are amazingly intolerant about tolerance.

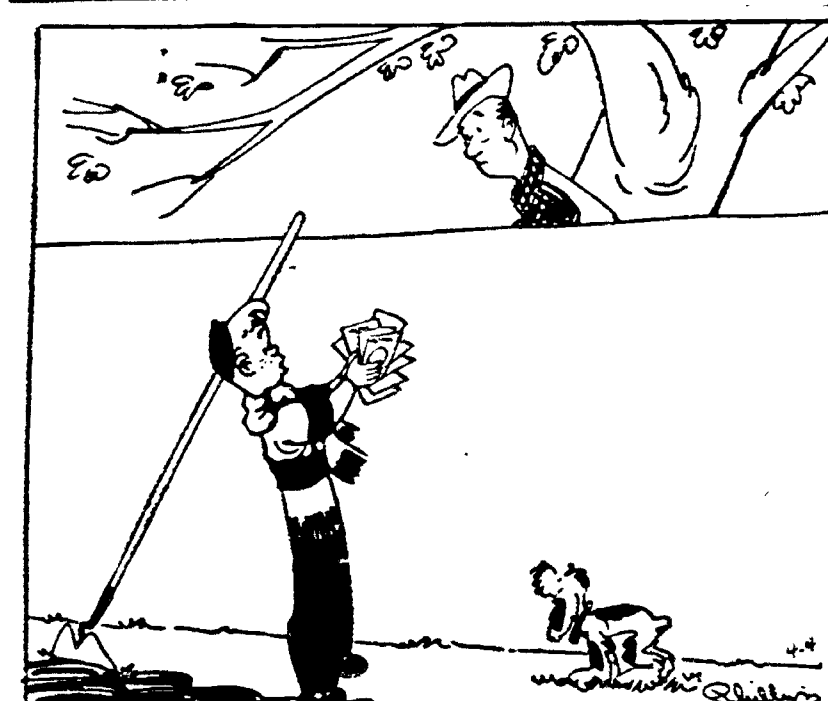

QUOTES AND COMMENT:

Column: Some of the employees at Warner Brothers are trying to pan gold in the river that flows by the studio. That's safer than panning the Warner Brothers. ... Olivia de Havilland: "Young people haven't the ability to analyze themselves." True—and old people haven't the courage. ... Newspaper: "In her divorce complaint, Gene Tierney charged that Cleo Cassini threw a hot spoon at her." Lucky she wasn't married to a knife thrower! ... Greer Garson (en route to the Academy Award banquet): "It's all very pleasant because, for the first time in seven years, I'm not a candidate." Now, I'll tell one.

I'm glad I paid a visit to Eagle-Lion's "Out of the Blue" set because it gave me a chance to see a man enjoying his "great moment." The man in question is one George Bottell, a technician who for more than 20 years has made it his specialty to decorate sets with synthetic cobwebs. Like most artists—and, believe me, spinning gossamer webs from rubber is art—he has a yen to exhibit his craftsmanship and bask in the applause of an audience. But alas, sets are usually decorated at night and so, for 20 years, Bottell had worked alone. In "Out of the Blue," however, the script calls for the hero to tear away the cobwebs that choke an old passageway. New webs had to be spun for each take and Bottell finally got his chance to work before an audience. No stage star ever took his bows with more aplomb.

Pottstown Sketches

By PHILLIPS

"Why don't you just throw these seeds to your chickens, Mr. Baker? It will save them the trouble of flying over the fence after I get them planted."

50 Years Ago

April 4, 1897

LENTEN MUSICALS—Miss Ellen S. Mills gave a Lenten musical for the benefit of Christ Episcopal church at the home of her parents, School Director and Mrs. Ellis Mills, 428 King street.

WINNING HEN — J. Harry Mauger owns a cluck which hatched 14 out of 15 Silver Spangled Hamburg eggs at one setting, and now J. Harry thinks he has beat John Ginder's old hen.

ELECTED, — W. B. Schultz was elected financial secretary of the Emmanuel Lutheran church, at a recent meeting of the vestry of that congregation.

25 Years Ago

April 4, 1922

INJURED — Boone Hoffman, 1025 Queen street, whose right wrist was fractured while cranking an automobile, was admitted to Pottstown hospital for treatment.

MOVED — George Moore and wife have moved from the Montgomery house to 319 High street, where their friends will always find the latch string out.

EXECUTIVE — C. F. Stead, with headquarters at the YMCA, has been appointed as Boy Scout executive, succeeding Oliver S. S. Christman.

10 Years Ago

April 4, 1937

PAVING — Culminating efforts of almost two years, the supervisors of North Coventry township were granted \$10,739 by the Works Progress Administration in Washington for the laying of walks, curbs and gutters in Kenilworth.

REVEALED — Mr. and Mrs. Harry Mitchell, 13 South Franklin street, have announced the engagement of their daughter, Jean, to Malcolm LaRose, son of Mrs. Mae T. LaRose, Lionville.

SUCCUMBS — Jackson Bevan, 61, a former chief of police of Phoenixville, died in his home, 210 South Main street, Phoenixville, early Saturday morning following a lingering illness.

Voice of Broadway

By DOBOTHY KILGALLEN

Jottings in Pencil

PAT O'BRIEN'S boy Terry smashed his hand through a window pane and is hospitalized with a crisscross of stitches. ... Catie heiress Mary Lou Schroeder, the belle of El Morocco, is swooning over Barry Mitchell, a film player.

Martha Rave had to have four more teeth pulled in Philadelphia, and is doing her shows regardless. She has to go through the dental routine and work simultaneously because she hasn't one day to spare between now and the day she sails for Europe to entertain the occupation troops. ... The Loretta Dinkler-Irene Selznick feud is blazing.

Hollywood is buzzing about a new picture which depicts (with a similarity startling to historians) the martial life of one of its most famous stars. ... New York night life over the weekend had the slump-conscious baffled. The Stork Club and El Morocco looked like New Year's Eve, and the Carnival played to 2460 customers Saturday night.

... Marian Bell, the "Brigadoon" heroine, is ailing—a leg infection.

Big story in Mexico is the bigamy charge against Augustin Lara, that country's popular composer. Same old tale: his first divorce was hurried in a small town and considered illegal. Be sure to see "The Bellman," new French picture which opens at Studio 65 (dove that name!) Saturday. It's fascinating. ... Bob Weiman, managing director of the Paramount, will be the next head of the B'nai B'rith's Cinema Lodge.

Easter Sunday should be gay in the local night-buzzing day spots. After church strollers will be able to drop in at Monte's-on-the-Park, where the tablecloths will match the ladies' Easter bonnets; the Madison, traditionally a Sabbath morn pick-up and rumba spot; Monte Carlo, where there will be great doings for charity, including the auctioning of a Piper Cub plane; the Town Penguin, where the entire room will be done in stalk lilies for the Easter buffet; and the Stork Club will bestow Spring butterfies (really puns) upon all the lasses.

June Knight wears one of her fancy hats over to "Sweethearts" every performance—Bobby Clark borrows 'em all and wears them in the scenes. ... Some of society's most prominent matrons are happily acoer over a silent film now being shown at the Old Music Hall. It displays Mary Duncan, wife of polo player Laddie Sanford, in a variety of sultry poses, and is considered no end chic by ladies who have been riled by Mary Metro's "Mothers of the East Side" will be that studio's protest against racial discrimination and will star little Margaret O'Brien. ... Dave Rose and Diane Garrett are in symphonic agreement. ... Doctors claim that 95 percent of all the women patients complaining of serious leg pains have the same case history: benzadrine taken over long periods in conjunction with dieting.

Comedian Jackie Gleason has undergone another operation—a minor one this time. ... Lorraine Miller, of the Helen Hayes show and Bernice Kamber, of the Toots Shor Athletic Club, are on the verge of an announcement. ... What's this! The Gordon MacRaes, who are moving to Long Island for the Summer, actually are having trouble subletting their six-room midtown furnished apartment!

A pretty girl certainly is like a melody department: Sonstons Peggy O'Neill opens Friday at Leon & Eddie's, which already boasts a chorine named Annie Laurie. ... Is Alexis Thompson planning to take over an important assignment with the West Coast studio? ... John Tyers, the actor who went overseas as male lead in "Gypsy Lady," is reading a romantic flash from Switzerland.

Wears Frat Pin...

Want a New Arm?...

ELECTED — Herbert R. Maack, son of Pottstown industrialist Herman Maack, has been initiated into the Phi Mu chapter of Alpha Chi Rho fraternity at Lehigh university, Bethlehem. ... Raymond S. Stricker, son of Mr. and Mrs. Theodore H. Stricker, 434 King street, is serving aboard the USS Tarawa, a carrier under the command of Vice Admiral A. E. Montgomery. The Pacific fleet, of which it is a part, just completed Spring maneuvers. ... Robert F. Zissa, son of Mr. and Mrs. Frank F. Zissa, 1102 Bellevue avenue, has been named to the dean's list of the college of liberal arts at Syracuse university, Syracuse, N. Y. Zissa was a Mercury newsmen before and after service in the US Army.

THINGS TO COME — It won't be long now until artificial limbs are sold at drug stores. Honestly! The go ahead signal from the Veterans Administration is the only thing holding up business at a drug chain, says Business Week. The new limbs will be sold to civilians and veterans who may want to replace their original hospital equipment. VA pays for such replacement provided it is on the approved list, the magazine said. The drug chain selling the limbs will be staffed from veterans, trained occupational therapists with workshops, fitting rooms, etc.

HOW IT STARTED — The Easter greeting card itself is a comparatively recent custom. There were Easter "congratulations" cards made in Germany in the 19th century, and in France and Belgium in the early 1900s. The German cards were an outgrowth of the custom of exchanging decorated eggs. Instead of eggs, single-page prints were often presented. One, preserved in the British Museum, shows three hens holding a basket containing three eggs. The word "Faith" appears on the first egg, "Hope" on the second and "Charity" on the third. The Easter card custom spread to England and, from there, to America. Louis Prang, famous for his Christmas cards, also produced many beautiful Easter cards, some of which are still preserved. Most of these were made during the 1880s and are edged with satin and silk fringes, with the Cross, eggs, flowers and chicks used in the designs.

CIVIC PRIDE? — Los Angeles takes a curious method of civic advertising. Each week one of the dailies puts on page one the past week's crime score. Here's a recent tabulation which indicates the criminal activities in the City of Angels: 496 thefts; 319 burglaries; 102 robberies; 68 assaults with deadly weapons; 2 murders; 3 attacks on women; 9 attempted attacks on women; 11 moral offenses; 144 automobiles stolen; 9 thefts from person and six assaults and batteries. Cozy little place.

THIS WACKY WORLD—Orofino, Ida.—Arrested on draft evasion charges, a local hermit had this excuse: "I went into the forest right after Roosevelt was elected and I haven't been out since." ... Evanston, Ill. — Les Belgrade bought a hard-earned steak, entrusted it to his trained cocker spaniel to carry home. Missing to date: One steak. One dog. ... Muskogee, Okla.—When her husband was jailed for failure to pay his first wife's alimony, Wife No. 2 sent the circuit court \$140 to square the bill. "I want him home again," she said. ... San Francisco, Calif. — Two lady street car conductors were arrested here on similar charges. One had blasphemously bawled out a passenger. Another had slugged a passenger on the nose when asked to stop the car.

YOUR HEALTH

By HERMAN N. BUNDESEN, M. D.

TODAY juvenile delinquency has reached an all-time peak in the United States. All sorts of things—the decay of the home, poverty, moral laxity—have been held to blame. And in part they are. But the fact remains that much of the wrongdoing on the part of youngsters would never occur if parents would take the trouble to learn the proper methods of rearing their children.

And not only wrongdoing, but the emotional instability which causes so much unhappiness and even future emotional disorders may be entirely forestalled by correct handling during early childhood.

According to Dr. Robert P. Knight, of Topeka, Kan., there are four things which lead parents into serious errors in bringing

Filmland Workers Seek Overtime Pay In New Contract

HOLLYWOOD, April 3 (AP)—Time and a half for overtime — even for \$5000 a week Grables and Gables — and work time credit when being interviewed (even about one's own life, loves and laurels) are among the advantages actors want now.

The actors' overtime would start after 40 hours.

The Screen Actors' guild ten-year contract with the studios expires May 15. The guild board and its negotiating committee today began circulating demands they hope will be put in the new contract. The 8500 members have been called to a meeting Wednesday to discuss the demands, which also include:

That bit players (they speak a line or two) be increased from \$35 to \$100 a day; or, if paid weekly, from \$115 to \$350.

That contracts of actors getting less than \$1500 weekly be limited to three years. Most run up to seven years now.

That actors shall not be loaned to other studios without the player's consent.

That contract options for a year, rather than quarterly or half yearly.

That beginners be paid no less than \$100 weekly. The rule now is \$75 — or less.

Some actors estimate that the increase the guild may ask plus option could increase movie costs about \$10,000,000 a year. The \$500 bit, featured and starred players who belong to the guild earned better than \$39,000,000 the past year.

CUBAN OFFICIAL SLAIN

HAVANA, Cuba, April 3 (AP)—Manuel Cuevas Rivero, liberal Cuban congressman, was shot to death last night at Ciudad Manzanillo in Oriente province. Alberto Sanchez was arrested in connection with the killing, which police said was for personal reasons.

Greetings!

Arriving in the U. S. from Europe aboard the S. S. Marine Marlin, little Joseph Kopnicka, 3, has a greeting for Uncle Sam as he reaches New York under the sponsorship of the U. S. Committee for Care of European Children.

Lignite, a form of coal, crumbles when exposed to the atmosphere.

RED HILL

Shirley M. Reed, corr. Dale Miller, delivery. Phone Pennsburg 4673.

The pupils of Red Hill Junior High school were given Schick tests on Monday by Dr. William Kistler and the school nurse, Elizabeth Moll. Dr. Kistler read the results of the tests on Thursday and will apply the inoculation for diphtheria to those pupils who are not immune to the disease.

The borough school board met this week in the school building.

Mrs. Nathan Schwenk entertained the following at her home on Tuesday: Mrs. Amanda Schaeffer, Mrs. Margaret Saylor, Mrs. William Schwenk, Mrs. Calvin Reed, Mrs. Sevilla Karver and Mrs. Abner Karver.

Miss Winifred Kolb, New York City, visited her parents, Mr. and Mrs. Russell Kolb, South Main street, over the weekend.

Miss Virginia Krauss, Tannersville, visited her parents, the Rev. and Mrs. H. H. Krauss, Main street.

Miss Doris Lyster, a freshman at West Chester State Teachers

college, is spending her Easter vacation at the home of her parents, Mr. and Mrs. Mark H. Lyster, Main street.

Miss Elizabeth Wolfe, also a freshman at West Chester State Teachers' college, is spending her Easter vacation at the home of her parents, Mr. and Mrs. Joseph Wolfe, Sixth street.

Mr. and Mrs. Frank Propowski, Sixth street and Mr. and Mrs. Earl Roth, Main street, made a trip to Reading on Sunday.

600 Youngsters Are Eligible for Easter Egg Hunt

About 600 Boyertown children are eligible to participate in tomorrow's first annual Easter egg hunt, to be conducted by Boyertown Lion's club on the high school athletic field at 2 p. m.

All eyes will be on the weather, because in the event of rain it will be held Sunday, rain or shine.

Children from toddlers under three to those of ten years of age inclusive will be eligible to compete for the prizes to be offered in addition to the eggs they find. Included will be live rabbits, chickens, filled baskets and candy.

Competition is scheduled in three groups: up to three years of age, who will be first to compete; then those of four, five, and six years, and finally those of seven, eight, nine and ten years of age.

Eggs are being prepared by members of the Lion's club, who will also be present to help in guiding the affair. Children will gather in the alley at the head of the field or remain on the parking area, where they will be separated into age groups. No advance registration is necessary.

General chairman of the event is LaMar Smith, who recently steered the club's fifth annual hobby show to a successful conclusion. Assisting in planning the event are Edwin Elsenhart, Richard Freeman, Henry Stetler, Henry Fulmer, Howard M. Reinert, and Daniel B. Landis, all of the club's boys' and girls' committee.

Sergeant Edinger Gets Army Award

First Sergeant LeRoy B. Edinger, son of Councilman and Mrs. Charles M. Edinger, 18 North Washington street, received the Army Commendation ribbon in recent ceremonies at Bad Tolz, Germany.

Presentation of the award was made by Major General F. W. Milburn, commanding general of First Infantry division, in which Sgt. Edinger is serving as first sergeant of a signal company. The award was made for meritorious service in connection with occupation duties.

After basic training at Camp Chaffee, Ark., Sgt. Edinger was sent overseas to Germany, where he was stationed until October 1945. At that time he re-enlisted and received a 90-day furlough, after which he was again sent to Germany.

Sgt. Edinger is a graduate of Boyertown High, class of 1934, and Pottstown Business school.

Confessional service and Holy Communion in St. John's Evangelical Lutheran church tonight at 7:30 o'clock.

Funeral services for KATE EMMA (STAFFER) GRIM, of COLUMBUS, OHIO, widow of George Grim, were held yesterday at 2 p. m. from a Warwick street funeral home.

The Rev. David F. Longacre, pastor of St. John's Lutheran church, officiated. Interment was made in Hill church cemetery. Bearers were Charles Weller, Carroll Weller, Arthur and Robert Fryer, Paul Prutzman Jr., and Stanley Burns.

Miss Funk Honored At Salem Academy

Miss Martha Funk, daughter of Mr. and Mrs. Sheldon W. Funk, of West Philadelphia avenue, a student at Salem academy, Winston-Salem, N. C., has been named as one of the two honor graduates of the academy, it is announced by Dr. Howard E. Rondthaler, president. Miss Funk will be one of the two speakers at the commencement exercises in June.

She attained this distinction, it is stated, because of her record as an honor student. This plan follows the academy tradition of honoring students instead of inviting outside speakers. She will prepare an original essay and present it from memory.

She has been engaged in many activities since entering the academy. Miss Funk is on the staff of the annual Quill Pen, on the Red Cross council and in the dramatics club.

Miss Funk indicates that she is planning to go to Radcliffe college, because, for one reason, she wants a thorough language course and feels that she can get it there. "Then I want to keep abreast with modern ideas and what's going on in the world," she added, when asked as to her future plans.

Top Men Believed Christianity Best, Students Are Told

The Easter message is about Jesus Christ, the world we live in today, and about human beings, said the Rev. Harper L. Schneek, pastor of Church of the Good Shepherd Evangelical and Reformed, in an Easter talk to students of Boyertown High school yesterday.

He emphasized that Christianity is for the strong and cited such men as Zwingli, Albert Schweitzer, Kagawa, and St. Paul as examples.

"In Easter we have what was started at Christmas—the completion of it," the Rev. J. I. Schneek told students from grades 7 to 12, who gathered in the auditorium to hear him conclude the annual Easter program.

He also pointed out that Christ has made of the tomb a symbol of life, not death. Although writers have differed on some of the details of the Easter story, the Rev. Schneek said they all agreed on the fact that the tomb was empty, that Jesus later appeared, and that His spirit has survived.

What can happen to Him can happen to us, he said in conclusion. Previous to the Rev. Schneek's talk, a play, "Easter Wings," was presented by Russell Renninger, Phyllis Herberster, Lenore Hoffman, and John Ritter. Anita Renninger gave a reading; Paul S. Hanger Jr., instrumental music teacher, played two cello solos, accompanied by Lee L. Henry, and the Girls Glee club, under direction of Ida M. Reinert, sang Gounod's "Ave Maria."

Mrs. Arline H. Fryer, English teacher, was in charge.

100F Lodge to Install Officers Tuesday

Rodman Stahl will be installed as noble grand of Boyertown lodge 708, 100F, Tuesday night at ceremonies to be conducted by A. Earl Plank, district deputy grand master, in 100F hall.

Others to assume office at the same time are Stanley Welsh, vice grand; Morris Youse, warden; Robert Bechtel, conductor; Daniel Moyer, secretary; Grant Conrad, financial secretary; Titus Johnson, treasurer; Lawrence Freyer, right supporter to noble grand; Charles Youse left supporter to noble grand; Russell Geiger, right scene supporter; Brooke Kulp, left scene supporter; Ernest Haas, outside guard; Robert Graber, inside guard.

"The Dukes," under direction of Robert Graber captain, won the last baseball tournament of the lodge and received a loving cup as an award. Members of the team are Brooke Kulp, Ernest Haas, Wayne Freyer, Grant Conrad, Warren Grofe, Irvin Eisenhart, Russell Geiger, Paul Weidner, and Graber. "Betz's Pets" took second place in the tournament.

European Movies Shown to Lion's Club

Pictures on postwar England, Holland, Belgium, Italy and Germany were shown to Boyertown Lion's club last night by Eli Stoltzfus, Phoenixville, at the club's weekly meeting in Boyer Towne Inn.

Stoltzfus, who toured the five countries recently, showed colored slides on places of interest. He also described the pictures.

Next week's meeting will emphasize the work of Boyertown YMCA Movement. Henry R. Carlschner, local executive secretary, will be in charge of the program. Members of local Y groups will describe their activities for the club.

Embassy Secretary Found Dead in Stream

ARLINGTON, Va., April 3 (P)—The body of pretty, 25-year-old Wynona Harvey, Philippine embassy secretary, was found today in the shallow waters of Rocky Run.

Arlington county police, seeking to establish the nature of her death, said preliminary investigation indicated she might have been thrown from a bridge crossing the rock-filled stream.

Miss Harvey's coat and hat were missing, but her other clothing and jewelry, including a wrist watch and strand of gold beads, were intact.

Reds, Not Party, Are-Biggest Threat, Truman Declares

WASHINGTON, April 3 (P)—Individual Communists in Government posts are a menace in the eyes of President Truman but their party as a political force is not a danger to the nation.

That was the explanation the President gave to his news conference today of a letter he wrote to George H. Earle 3d, on Feb. 28, saying that "People are very much wrought up about the Communist bugaboo, but I am of the opinion that the country is perfectly safe so far as Communism is concerned — we have too many sane people."

Earle, former diplomat and Pennsylvania governor, had commented in Philadelphia that Mr. Truman's "bugaboo" characterization "astonishes me." He made public a reply to the President dated March 4, saying:

"When you refer to the Communist menace as a bugaboo, it is the most frightening thing I have ever heard."

"I am so worried that I intend to bring this matter to the attention of the leaders of our (Democratic) party and of the majority party and if their opinion coincides with yours, the future of our country is without hope."

Mr. Truman, when asked about the matter, gave this interpretation of his views:

He is not worried about the Communist party taking over the Government because the country has too much sense ever to go Communist. He is against a person whose loyalty is not to the Government of the United States holding a Government job. He considers these two points entirely different things.

Chinese Chase Reds From Railway Areas

NANKING, April 3 (P)—Gen. Chen Cheng, Chinese army chief of staff, told a press conference today that rapid progress was being made in clearing the Communists from the Peiping-Hankow and Tientsin-Pukow railways (vital north-south arteries).

Chen said the Communists now controlled only about 100 miles of the 748-mile Peiping-Hankow line and predicted they soon would lose that.

(He did not locate Communist holdings, but recent skirmishing has been taking place in sectors 75 to 175 miles southwest of Peiping.)

BUS SERVICE EXTENDED
HARRISBURG, April 3 (P)—The Public Utility commission authorized

the Reading Transportation company to establish local bus service between Myerstown and Womelsdorf at the same time refusing a similar application from the Reading Street Railway company

Truman Views Kennelly Chicago Win Start of New Swing for Democrats

WASHINGTON April 3 (AP)—A beaming President Truman today interpreted the triumph of Democrat Martin Kennelly in the Chicago mayoral election as the beginning of a trend to the Democrats.

In jovial mood at his news conference, Mr. Truman observed that Carroll Reece, Republican national chairman, does not agree that the result indicates any trend. But the President added that Reece held a different view of its importance before the results were in.

The President earlier had conferred with Democratic leaders from Pennsylvania, Maryland, Delaware, Virginia and West Virginia in the first of a series of "thought sessions." They were called that by Gael Sullivan, Democratic executive director who arranged them, and Mr. Truman agreed it is a good name.

Asked what was done at the meeting, Mr. Truman would say only that he and the party officials looked over the situation from the Democratic viewpoint. Sullivan told newsmen, however, that the President discussed the Administration program as outlined in messages to Congress and said he will reemphasize it in his Jefferson Day speech Saturday night.

The President opened his session with the reporters with word that he had no announcements but would answer any questions he could.

It turned out that he felt he could not answer any dealing with the foreign ministers conference in Moscow. Two queries on that subject brought no-comment replies.

Mr. Truman responded to other questions thus:

He is having a study made to see whether the Government can seize the telephone lines if the strike threatened Monday materializes. But whether they will be taken over if authority is found will depend upon the conditions later.

He has had no concrete reaction to his suggestion of the past week for further price cuts by industry. And Mrs. Truman has complained about the high price of groceries.

In writing of Communism as a "bugaboo," he meant he is not worried about the Communist party taking over the Government, but he is against any disloyal persons holding Government jobs.

Myron C. Taylor, special en-

voys to the Vatican, is not returning to Rome at present, but will go back later if necessary.

He considers Secretary of the Interior Krug an efficient public official and has given no thought to removing him, as demanded by John L. Lewis.

He has no plan to offer a Government post to Robert Moses, former New York park commissioner. And he has not offered the post of ambassador to India to Henry P. Grady, former assistant secretary of state and head of a wartime mission there.

TRAINING CHANGE SOUGHT

LONDON, April 3 (AP)—The British cabinet offered today to reduce the training period for military conscripts from 18 months to a year in an apparent effort to restore harmony to the parliamentary labor party.

Woman Murdered In Front of Home; Attacker Escapes

PHILADELPHIA, April 3 (AP)—Mrs. Clara Matthews, 26, died of stab wounds by a screw driver and strangulation by a stocking on the doorstep of her home early today while her husband and two children lay sleeping inside, Police Sgt. John McLaughlin reported.

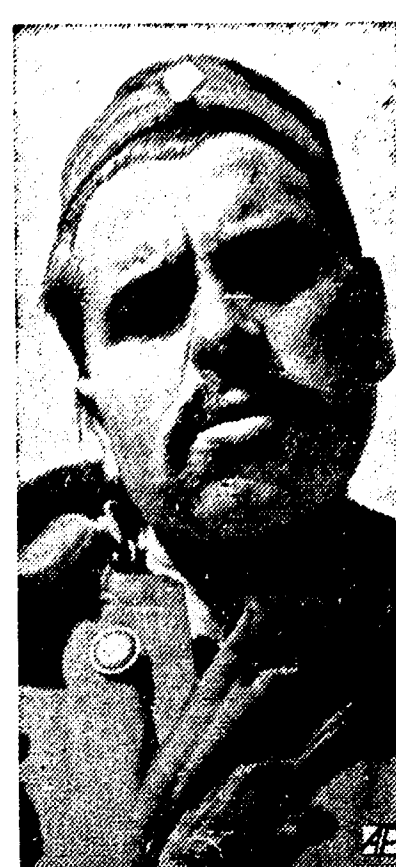

Police, summoned by a horror-stricken neighbor, found the woman's body in a nearby alley. Her assailant apparently had dragged it there, the sergeant said.

Near the alley entrance was a blood-stained screw driver and about the woman's neck was a knotted silk stocking used to strangle her after it had been removed from her leg, McLaughlin said.

The victim's husband, Howard Matthews, 30-year-old saxophone player in a hotel orchestra, identified the screw driver as one carried by his wife to open the front door of their home when she forgot her key.

Edward G. Gundaker, the neighbor who said bright street lights enabled him to witness the slaying from his bedroom window, told police Mrs. Matthews' assailant wore only a pair of trousers and a sweat shirt without coat or hat. The man struck her once and then leaped down from the step to strike her a second time, Gundaker said. He added he had arisen to take medicine for a cold and looked out his window when he

Guerilla

This guerilla fighter of Western Macedonia is typical of hundreds encountered by U. N. investigators probing disorders in the northern section of Greece.

As Gundaker turned from the window to telephone police, he said he saw the assailant drag the

woman in the direction of the alley. Matthews said he last saw his wife when he left to play at a Philadelphia hotel last night and that she was not at home when he returned about 3 a. m. and went to bed. A neighbor cared for the two Matthews children, Carol, five, and Edward Jr., four, while their father went to the hospital to identify the body.

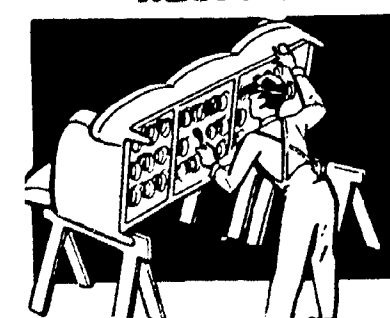

Sergeant McLaughlin and Patrolman George Woodruff said there was no one near the scene of the slaying when they arrived in response to Gundaker's telephone call. Mrs. Matthews' skull was a mass of wounds, McLaughlin said. Nearby was a bloodstained paper bag which

the policemen believe the slayer may have used to wipe his hands before fleeing.

Although tin melts at 430 degrees fahrenheit, it does not boil until it reaches 4100 degrees fahrenheit.

Stenographer Slain Near Indianapolis

INDIANAPOLIS, April 3 (AP)—The body of Mrs. Jeanette Griffin, who had been shot through the heart, was found today along a muddy path near a suburban riding stable.

Near the body lay a mystery novel, "The House of Darkness."

Mrs. Griffin, 30-year-old blond stenographer, had left the home of her mother, Mrs. Loretta Crider, yesterday for an employment interview.

Deputy Sheriff Joseph Quinn said the mother told him Mrs. Griffin had been dead eight to ten hours before the body was found by 17-year-old William Simpson on his way to work.

The body was clad in a red jersey dress and an imitation fur coat.

Borough Briefs

Receipts from parking meters for the week that ended Wednesday totaled \$618.11, according to Borough Secretary William Shaeffer. This is the largest total since Dec. 27, 1946, when the Christmas motor traffic rush resulted in collections from the meters totaling \$743.67.

Variance Is Sought From Zoning Ordinance

A public hearing on an application for a variance from the borough zoning ordinance which would permit the erection of a building at the rear of premises at 405 Jefferson avenue will be held by the zoning board of adjustment Tuesday night, April 15, at 7:30 o'clock.

Members of the board are George C. Peacock and Jay H. Rinehart.

Two Draw \$5000 Fines For Payroll Padding

PHILADELPHIA, April 3 (AP)—Leo J. Dawson, 54, and David Bitzer, 49, were fined \$5000 each today by Federal district Judge J. Cullen Ganey on charges of defrauding the Government by payroll padding on war contracts.

Dawson and Bitzer also were given suspended sentences of a year and a day each and placed on probation for a year on condition they make full restitution in that time. Dawson was ordered to repay \$6874 and Bitzer \$6174.

The poison to poison Ivy is an oily resin.

WEAVERTOWN

Mrs. Daniel Madeira, court phone 6194, born 2-4-03, Malob Trainer delivery.

The teachers of Amity held their monthly meeting on Tuesday afternoon and discussed the classroom behavior, earmarks of a good teacher and patterns of learning. Discussions were led by Miss Mildred Tenhart, Mrs. Florence Wise, Miss Wilma MacCreedy, Miss Janet Jones and Mrs. Catharine Madeira.

The Union Sunday school will hold its Easter festival on Sunday evening in the church. The Rev. W. H. Solly will be in charge of the program.

GUINÉE ESTATE IS \$9500
By Staff Correspondent
NORRISTOWN, April 3—Ellen T. Guinée, of Pottstown, left an estate valued at \$9500 to a sister, Margaret F. Baglin, according to her will filed for probate today in the register of wills office.

Three out of five fatal automobile accidents occur at night.

NOW SHE SHOPS "CASH AND CARRY"
Without Painful Backache
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

DEATHS and FUNERALS

HENRY L. BERNHARD, 64, of PENNSBURG, died yesterday in Allentown hospital. He was the husband of Lizzie H. (Jacob) Bernhard and a resident of Pennsburg all his life.

He was a member of the New Goshenhoppen Reformed church, East Greenville, the Perkiomen Heights Beneficial association, and the Upper Hanover township school board.

In addition to his wife, he is survived by two sons, Henry K. and Marcus A. Bernhard, both of Pennsburg; two daughters, Mrs. Bernice Peterson, Pennsburg, and Mrs. Loretta Weller, Niantic; a sister, Mrs. Harvane Keiper, Allentown and 14 grandchildren.

Services will be held from an East Greenville funeral home at 2 p. m. Monday. Burial will be in the New Goshenhoppen Reformed cemetery, East Greenville, the Rev. Dr. C. M. DeLong officiating, assisted by the Rev. W. C. Mantz.

JACOB RUTKOWSKI, 89, of 121 SOUTH KEIM STREET, died at his home Tuesday morning.

Born in Poland, he came to this

country 60 years ago and had lived in Pottstown for the past 22 years. He is survived by six children, Paul, of Philadelphia, Henry, of Fagleyville, and Frank, Sophia, Mrs. Julia Skokowski and Mrs. Anna Kowalski, of Pottstown; 16 grandchildren and three great grandchildren.

Funeral services will be held Tuesday morning at 9 o'clock from the residence and requiem high mass will be celebrated at 9:30 o'clock in St. Peter's Polish Catholic church. Interment will be in St. Aloysius Old cemetery.

Funeral services for **LUCRETIA M. MURRAY**, wife of Lewis Murray, STAR ROUTE, were conducted at 2 o'clock yesterday afternoon

in Harmonyville Church of the Brethren by the Rev. William G. Nye. Interment was made in Mt. Carmel Methodist cemetery. Bearers were John and Richard Fisher, Leonard Keim, Walter McCalisher, Arthur and Stager Lloyd.

Funeral services for **EMMA R. SHIPE, 119 NORTH ADAMS STREET**, were held yesterday afternoon at 2 o'clock in the funeral home at 404 High street by the Rev. Alvin S. Alderfer, pastor of the Parkford Brethren church.

Interment was in Oak Grove cemetery. The bearers were Albert Collins, Harry Weaver, Clarence Quay Sr. and Clarence Quay Jr.

An attendant is assigned to collect and destroy all doodles left by United Nations committee members.

Egg Hunt at Bally Set for Tomorrow

Bally youngsters ten years old and younger will have an opportunity to scramble for Easter eggs tomorrow when the Bally Lions club sponsors a hunt with 30 dozen colored eggs scattered over the public school grounds.

The hunt will start at 2 p. m. Children will be grouped in three age brackets, up to and including four-year-olds, five to seven and eight to 10, inclusive. Three prizes will be awarded in each group. They will be presented to the finders of specially-marked eggs.

Sunday has been set as the rain date.

Driving at 50 miles an hour, a motorist sees 14 percent less than he does in driving at 45 miles an hour.

RUSSIAN VETO HAMPERS U. N., BRITON SAYS

Corfu Channel Issue
Relegated to Sideline
By Cadogan Argument

LAKE SUCCESS, N. Y., April 3 (AP)—Britain declared today that Soviet Russia "strangled" the majority will of the United Nations Security Council by vetoing a British resolution censoring Albania in the Corfu channel mine case.

This accusation touched off once more a lively battle over the veto right of the five great powers, and the argument temporarily eclipsed the Albanian-British dispute.

Andrej A. Gromyko, Soviet deputy foreign minister, who has invoked nine of the ten vetoes Russia has cast in the Security Council, listened calmly to Sir Alexander Cadogan, British delegate. Then he joined with Dr. Oscar Lange, of Poland, in calling Cadogan "out of order" for throwing the veto issue into the Albanian case.

Gromyko said that the United States was "Initiator No. 1" of the veto and Britain was No. 2.

Russia's use of the veto also was criticized in Washington by Representative E. A. Tamm (R-NJ), chairman of the House foreign affairs committee who was an alternate U. S. delegate in the U. N. General Assembly last fall. When several small countries sought unsuccessfully to modify the veto power.

Eaton told the committee during a hearing. An American aid to Greece and Turkey that the U. N. was unable to act in the crisis now because "the Russian delegate has exercised a continued veto—holding back, confusing and delaying—which has made it impossible to be ready now."

Here at U. N. headquarters Cadogan made one of his strongest speeches on the veto in the Security Council.

H. said that the council had become "completely obstructed, sterile and impotent" in the Albanian case.

Cadogan acknowledged that this case might involve no immediate breach of the peace, although, he said, British warships might well have returned "with good effect" gunfire from Albanian shore batteries as they passed through Corfu channel the past May.

Cadogan presented a resolution asking the council to refer the case to the International Court of Justice.

The United States, Brazil, Syria and Belgium agreed with the British resolution.

Gromyko asked time to study the new proposal. The council adjourned the Albanian case until Wednesday. It will meet Monday at which time Gromyko is slated to answer Warren R. Austin, U. S. delegate, on the Greek-Turkish aid issue.

Louisiana Dairymen End Milk Dispute

NEW ORLEANS, April 3 (AP)—Acting Sheriff John Holstead of Tangipahoa parish said tonight he had been officially informed the Louisiana milk strike has been called off and union dairymen will begin to ship milk to New Orleans tomorrow morning.

The announced end of the strike came in a flurry of excitement after two Louisiana sheriffs had bypassed Governor Jimmie Davis and called upon the National Guard to preserve order in their parishes.

Crippled Heroine Gets \$60,000

The twins she saved from death join Bridget Pugliese (center), 8, Brooklyn, N. Y., in celebrating a Supreme court decision under which Bridget, crippled for life, was granted a \$60,000 award. They are Jean Gabriel (left) and Rose Marie, who were about to be hit by a trolley when Bridget shoved them clear, only to be hit herself.

Settlement Reached In Portal Withdrawal

CINCINNATI, April 3 (AP)—John W. Menzies, clerk of the Sixth U. S. Circuit Court of Appeals, announced today that all parties in the Mt. Clemens pottery company portal-to-portal case had agreed to dismissal of an employee appeal from a lower court decision disallowing such payment.

He said Frank E. Cooper, counsel for the company, which is situated in Mt. Clemens, Mich.; Edward Lamb, attorney for the workers, and Assistant Attorney General John S. Sonnett had telephoned him that agreement had been reached and that it was in the mail.

The announcement came only a few hours after the court had ordered a hearing in chambers tomorrow afternoon on the petition filed yesterday by Attorney Lamb for voluntary dismissal of the appeal.

Greek Throng Sees King Paul As Kin's Body Is Moved to Church

ATHENS, April 3 (AP)—Greeks who lined the curbs ten to 15 deep got their first glimpse of King Paul today since his accession as he marched unattended behind a gun carrier bearing the flag-draped coffin of his brother, George II, from the royal palace to the Athens cathedral.

The new king was clad in the uniform of a vice admiral and led his six-year-old son, Crown Prince Constantine, by the hand. The youngster, wearing gray flannel shorts and a white shirt, received an occasional reminder from his father to keep his eyes straight ahead, in keeping with royal demeanor.

The dead monarch will lie in state in the cathedral until Sunday, when funeral services will be held.

A single cannon fired a salute and a single bell tolled as the king's body was lifted from the palace for the solemn, hour-long procession of a mile from the palace to the cathedral.

A Bren gun carrier drew the gun carriage on which the royal coffin rested. On top of the coffin, draped with Greece's blue and white flag and the banners of the royal house, were King George's crown and sword. They glittered on broad cushions in the warm spring sunlight.

Five police officers in single rank, wearing black uniforms and contrasting white gloves, puttees and belt, marched at the head of the procession.

A military band was next. Its funeral dirge and muffled drum rolls paced the slow-moving marchers.

Queen Frederika, other members of the royal family and ladies in waiting were at the end of the procession.

Death Toll Mounts In Fireworks Blast

CLINTON, Mo., April 3 (AP)—The raging fire that swept through the Brown fireworks factory, leveling the one-story frame building and burning to death ten employees, claimed two more lives today.

Mrs. Morton Johnson, 51, and Mrs. Hazel Shepard, 28, died this morning from burns, bringing to 12 the number dead from the blaze that followed an explosion at the plant about 2:30 p. m. yesterday.

He said Frank E. Cooper, counsel for the company, which is situated in Mt. Clemens, Mich.; Edward Lamb, attorney for the workers, and Assistant Attorney General John S. Sonnett had telephoned him that agreement had been reached and that it was in the mail.

The announcement came only a few hours after the court had ordered a hearing in chambers tomorrow afternoon on the petition filed yesterday by Attorney Lamb for voluntary dismissal of the appeal.

GOOD FRIDAY —

(Continued From Page One)

Mrs. William Miller, Alice L. Moser, Mrs. B. F. Mowbray, and Beverly Feterman. Iva A. Spacht, organist and choir director, will conduct and accompany the cantata.

All Catholic churches in the area will hold special Good Friday services, with members of the congregation kissing the five wounds of Jesus. Mass of the Presanctified will be said in the morning and Stations of the Cross will be held throughout the day and evening.

Union Good Friday services will be held this evening at 8 o'clock in the Pughtown Baptist church, with the First Baptist, St. Peter's, Nantmeal Methodist, Coventryville Methodist, and Pughtown Baptist churches participating.

Sermons on the Words on the Cross will be given by the Rev. Charles W. Jared, Pughtown and St. Peter's churches, the Rev. Robert W. Neilson, Nantmeal and Coventryville churches, and Dr. Barton N. Masters, Pughtown.

Music at the union services will include duets by Mrs. Vernon Jones and Mrs. Preston Pinkbner songs

by the Pughtown church choir; songs with guitar accompaniment by August McElroy of St. Peter's church; violin solos by Herbert A. Russell, and trumpet and electric guitar solos by Richard Lawrence and Richard Placido, respectively. Mrs. Charles Lawrence will supply piano accompaniment.

St. John's church South Pottstown will have Good Friday services at 9:30 o'clock this morning, and children's services at 7:45 o'clock this evening. The Rev. Robert M. Lamparter is pastor.

JOHN BASCO —

(Continued From Page One)

of operations, Basco's and another belonging to a group of veteran flying enthusiasts.

With Spring bringing good flying weather, Basco's enterprise has attracted a number of visitors who fly with him on Sundays. In addition, he conducts a private flying school for future pilots.

That the field can handle big planes was proved last year when a C-47 landed to pick up a freight cargo from a local plant. Basco, however, is planning to expand the field and extend the runways to make the airport increasingly attractive to air traffic of all types.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell. Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm, flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

FIREMEN —

(Continued From Page One)

next Wednesday night. President Elwood Kerr was in charge of the meeting. It was voted to purchase manuals for 25 members of the company who are attending the fire school each Tuesday night for 18 weeks.

The company will contact legislative representatives at Harrisburg again, urging them to oppose a bill which would place fire company drivers on the civil service list. It was announced nothing definite has been done about the bill to date in the legislature.

A softball team will represent the company with Albert Snyder as manager. It was suggested a firemen's softball league may be formed.

A meeting of the Philadelphia Steam Fire Engine company was held last night with President Henry Schmoeyer presiding.

Action of borough council Tuesday night, when the demands of the firemen for changes in equipment were approved, was praised. President Schmoeyer declared, "We are proud of the councilmen for their support of the firemen."

Representatives of the company will attend the meeting to be held Wednesday night.

Ammon Heydt made a report on progress being made on plans for the firemen's triple housing event on July 4.

The meeting was attended by 35 members. Twenty-seven were elected to membership and thirty propositions were received.

Following the meeting, hot chicken sandwiches were served.

MINE REPORT —

(Continued From Page One)

"neither the preliminary or the final report" of inspections "found imminent danger which would have called into play emergency procedure under the mine safety code."

The preliminary report on the first inspection made the past Nov. 4 was followed by a final report based on an inspection made March 17-20 this year, Krug said.

Krug said the final inspection showed 55 items of non-compliance with the Federal safety code, including 52 repeat offenses, and showed also that "progress reports of the operating manager" on corrections of deficiencies "had been misleading."

Krug said he "did not have an opportunity to consider remedial action in consequence of the bad showing because the disaster had already occurred before the preliminary or final report was received." He maintained there had been no

violation of the Krug-Lewis agreement, as alleged by Lewis, and said "the Krug-Lewis agreement and the Federal code requires the closing of mines only where the Federal inspector or the union mine safety committee finds the existence of imminent danger."

"It would be impossible until the cause of the explosion is definitely established to allocate specific responsibility for the failure to take suitable preventive measures," Krug said.

"I can say now only that the situation was one in which all parties

SINUS CATARRH SUFFERERS
FIND CURE FOR MISERY DUE TO NASAL CONGESTION. SUPPLY RUSHED HERE!
Relief at last from torture of sinus, catarrh, and hay fever due to nasal congestion is seen today in reports of success with a formula which has the power to reduce nasal congestion. Men and women with agonizing sinus headaches, clogged nostrils, earache, hawking and sneezing misery tell of blessed relief after using it. KLOKONOL costs \$3.00, but considering results, this is not expensive, amounts to only pennies per dose. KLOKONOL (caution, use only as directed) sold with money-back guarantee by Wood's Cut Rate, 141 High St. Mail Orders Filled.

concerned, management and labor and the Federal and State authorities, had been aware since sometime in November, 1946, of violations of the Federal mine safety code, but no one realized the imminence of disaster until after it occurred."

Krug said that "neither the mine safety committee nor any union representative communicated with any party of this department relative to this report (of the past November and the follow-up) or any other

safety condition at mine No. 8 (scene of the explosion)." Nierman and a Federal mine inspector with jurisdiction over the ill-fated pit suggested the possibility of the electrical flash or falling missile to the senate investigators.

VF Captain Speaks To Slow Students

Declaring that a strong Army is the best defense, Capt. Henry Dais, Valley Forge General Hospital, urged continuation of a large and well-trained American military force at the West Pottsgrove High school yesterday afternoon.

He spoke at a special program in an advance celebration of Army Week, April 6-12. Captain Dais illustrated the transition of the Army from war to peacetime duties,

and emphasized a military force as a means of preventing war.

A 14-man band from the hospital, conducted by Technical Sgt. Conrad Lambrecht, played popular songs, and was joined by Henry Meier, the band soloist, in two of the numbers.

In a surprise appearance, Grace Baro and June Edwards, students at the high school, also sang with the band.

The program was arranged by Larry Davis, assistant to the public relations officer at Valley Forge hospital, and will be repeated Wednesday morning at Pottstown High school, and the same afternoon in the Junior High school.

New Discovery

Working in his laboratory in Rome is Dr. Francesco Guarneri whose recent discovery "F. A. 22," a chemical extract, has won favorable attention in European medical circles. Reported helpful in the treatment of cancer, the extract has been investigated by the Italian Health Department which states there is "serious ground for experimentation."

How Christianity Survived Is Told To Rotary Club

A comparison of the three major philosophies extant at the dawn of the Christian Era and why Christianity survived the other two was presented to members of the Rotary club last night by Isaac Thomas, faculty member of The Hill school.

The speaker reviewed the Greek, Roman and Christian patterns of life in the Lenten message to the club.

The Greek philosophy, based on the principal "Know Thyself," of which Socrates was the chief exponent, brought Greek civilization to its doom. Lacking any provision for getting along with each other, the two main peoples, the Athenians and the Spartans, battled themselves into extinction.

Roman life was based on the idea, "Control Thyself," Thomas continued, and produced a na-

tion of builders. It failed because its regime produced a people devoted to force.

Christianity, he pointed out, apparently embraced the least attractive basis of the three, "Deny Thyself," but was the only one to survive.

The reason for its success was the life and teachings of Christ, Thomas said. The lesson of the cross is that there is nothing permanent about violence, he added, and Christ prevailed over his

enemies, representing force, by the strength of his humility.

George Harberger, president, directed the weekly meeting, held in the Elks' home.

TRUMAN VETO URGED

WASHINGTON, April 3 (AP)—Secretary of Labor Schwelbach said today that unless there is a change in the present legislation banning portal pay suits he will recommend that President Truman veto it.

British Court Rules Death Verdicts to Jews for Terrorism

JERUSALEM, April 3 (AP)—Two more Jews accused of terrorism were doomed today by a military court and the four others already under sentence of death were quoted by the underground organization Irgun Zvai Leumi as defiantly renouncing appeals for clemency in their behalf.

Meier Feinstein and David Azulai, reputed Irgun members accused of taking part in an armed attack on the Jerusalem railway station the past October, took the sentence calmly. When the president of the military court pronounced their fate both chanted in unison a line from a Hebrew nationalist song:

"In blood and fire Judah fell, in blood and fire it will rise again."

The court acquitted two other defendants, Moshe Horowitz and Massoud Buton, of complicity in the attack in which the armed men rushed the station and planted explosives which blasted the building's interior.

Spectators were allowed to leave the courtroom only after Feinstein and Azulai were taken away in an armored car to Jerusalem central prison, where the other four condemned men are confined.

The other four are Dov Bela Gruner, convicted for participation in a raid on the Ramat Gan police station in which two police were killed; Dov Ben Salman Rosenbaum, Eliezer Ben Zion Kashani and Mordecai Ben Abraham Alkachi, all convicted of possessing arms and whips when they were arrested in connection with the flogging of four British soldiers.

EIGHT FRENCHMEN KILLED
BORDEAUX, France, April 3 (AP)—Eight persons were killed and one was injured today when several bombs exploded at a military camp at nearby Cazaux. The casualties were French civilians engaged in defusing war materiel.

A United States flag made from silk gowns donated by ladies of Portsmouth, N. H., was the first national ensign to be saluted at sea by a foreign power.

WEDDINGS

Miss Esther Long's Recent Marriage Is Announced

Mr. and Mrs. Abel K. Long, Harleysville, announced the marriage of their daughter, Miss Esther Long, to Samuel Wisler, son of Mr. and Mrs. Marvin C. Wisler, Royersford RD.

The ceremony was performed Sunday afternoon, March 23, at 2:30 o'clock in Skippack Church of the Brethren by the Rev. Ralph Jones, Trappe.

A recital of bridal music was presented by Mrs. Paul Wisler, sister of the bride, organist, and Mr. Robert Ziegler, Collegeville RD 1, soloist.

The bride wore a white satin gown made with a beaded sweetheart neckline, and long tapering sleeves. She wore a finger-tip veil and carried an arm bouquet of white carnations and sweetpeas.

Miss Mildred Nace, Harleysville, the bride's only attendant, wore a blue net gown with matching veil and she carried a bouquet of pink carnations.

Mr. Paul Wisler, Royersford RD, served as best man for his brother while Messrs. Claude Wisler, Collegeville RD 1, and Mr. Richard Long, Perkasie, served as ushers.

Following a reception in Skippack Fire hall, the couple left on a honeymoon trip to Florida and upon their return they will reside in the home of the bride's parents.

The bride was graduated from Souderton High school, class of '45, and Mr. Wisler is employed as a lathe operator at the Cann and Saul Steel Mill in Royersford.

Stork Shower Is Given For Mrs. Richard Gaus

Mrs. Richard Gaus, Penn Village, was feted at a stork shower recently by her mother, Mrs. Lee Stewart, and her aunt, Mrs. Al Nimmerichter. The affair was given in the Nimmerichter home, 1439 Cherry Lane.

Many lovely gifts for the guest of honor were arranged attractively in a pink and blue bannister.

After an evening of informal entertainment, the hostesses served delicious refreshments at a table appointed in a pink and blue color scheme.

Guests attending the affair were Mrs. Gerald Gaus, Mrs. Russell Gaus, Hattie and June Gaus, Mrs. Bruce Bechtel, Miss Mae Nimmerichter, Mrs. Eva Powell, Miss Julia Yost, Mrs. Ray Shenk, Mrs. Brooke Fosnacht, and Mrs. Charles Nebb.

Presbyterian Circles Meet in Various Homes

Circles of the Women's association of First Presbyterian church met recently in the homes of Mrs. Paul Morris, Sanatoga Mrs. Edgar Kurtz, 635 Chestnut street, and Mrs. Benjamin Ley, 1387 Queen street.

Members of Circle one were entertained in the home of Mrs. Morris. Mrs. Horace Ludwig presided at the meeting in the absence of Mrs. Hugh McDevitt, chairman. Members made plans to sew articles for the visiting nurses. Announcement was made of the annual Business meeting of the Philadelphia Presbyterian society to be held May 2, in the Arch Street Presbyterian church, Philadelphia.

Mrs. Kurtz was hostess to members of circle two. Devotions were led by Mrs. H. Scott. At the business meeting Mrs. Harold Modrey was appointed chairman of activities. Mrs. Maitland McHenry was welcomed as a new member. Mrs. Russell Crossdale, chairman, presided.

Circle three met in the home of Mrs. Ley. Mrs. Russell Adams led devotions and gave a talk on the significance of Easter Sunrise Worship services. Mrs. John Sammons, Douglassville, was elected treasurer, and Mrs. George D. Robins was appointed chairman of activities. It was announced members are working on fancy articles. Ten members and two guests were present. Mrs. Harry Shope, president of the Women's association, also was present.

British Women Urged To Go Barefoot During the Summer

LONDON, April 3 (AP)—The women of Britain were urged today to go barefoot all summer in view of the shoe shortage and, from the walls of anguish that went up, you would have thought they had already taken off their shoes and waded through broken glass.

A private citizen, C. Watford Sinclair, offered the suggestion in a letter to the popular Weekly Picture Post. Fresh from a tour of Portugal, Austria and several other continental countries where many of the women habitually go barefoot, he wrote:

"A barefoot fashion for girls (in this country) would be both healthy and attractive, as I can testify from observing the girls of the above countries, who have shapely feet unspoiled by shoes, and whose carriage is the most graceful in the world."

There was a quick poll of women readers of the magazine.

"Isn't that exactly like a man!" demanded a smart young woman in suede pumps. "Shopping for shoes is the most exciting part of picking a wardrobe. It's one of the few pleasures we have left."

"Gosh," said a housewife in sandals, "the girls would get flat-footed and look all sloppy. I like to go barefooted but—well, it's too hot on your feet, for one thing."

"We might just as well be barefoot as the way we are, coming through the soles of what few shoes we have," snapped a telephone girl in cracked footgear.

Shoes are rationed here and the ration was tightened only today.

"Heaven help the public if the English woman took off her shoes," exclaimed a girl reporter. "We've been wearing cheap shoes, in the wrong sizes, for so long that our feet are a mass of corns, bunions, blisters and chilblains."

A foot specialist said that the barefoot fashion, in moderation, might be healthful for some women.

Watchful Circle of King's Daughters Hears Reports by Various Committees

Reports given by various committee chairmen highlighted the April meeting of the King's Daughters held yesterday afternoon in the home of Miss M. Irene Boyer, 227 Beech street.

Mrs. Clyde Bornerman led devotions, selecting as her theme, "The Gardens." In her talk she drew many lessons from gardens in the Bible. Mrs. George Yocum sang "In The Gardens" after which the group sang hymns appropriate to the Easter season.

Reports were given by Mrs. William H. Shaner, secretary, and Mrs. Fred Schlegel, treasurer.

Mrs. Warren Bealer, sunshine chairman, reported 124 packages had been sent to aged, sick, and shut-ins. Miss Annie Roshon, needlework chairman, reported four lap robes were sent to Mother Moore, also Easter greeting cards were sent to veterans in hospital.

Mrs. George Struhbar, hospital chairman, told of a recent visit to the King's Daughters room in Pottstown hospital and its needs. She announced as soon as it was possible the room would be completely renovated.

Chairman of the flower committee reported 21 plants, and 94 cards were sent to sick and shut-ins during the past month. She also reported 35 visits were made.

Announcement was made of the Junior Convention to be held April 18 and 19 in Lancaster. An interesting program planned by Mrs. E. G. Johnston, director of Young People, consists of devotions, get-together, and swimming party in the YWCA Friday evening. On Saturday, Mrs. Austin H. Sellenberger will speak on "The Development of Personality," along the spiritual, mental, and physical lines. A luncheon will be followed by a playlet and circle reports. Pauline

Sherman and Emma Jean Detar were elected as delegates from Pottstown.

Mrs. Struhbar read the call to the State Convention to be held May 9 and 10. Speaker will be Mrs. Lewis Lengley, New Brunswick, Canada. Delegates will be appointed at the May meeting.

When the subject of the Greatest Need for Pottstown was brought up for discussion, the circle decided as a whole that a home for the aged was the first and most important need, but individually they will vote on other needs.

Tribute was paid to the late Mrs. Minnie Buchert, member of the special events committee, and Mrs. Daniel Swavel, chairman of the committee, who passed away since the past meeting.

Members of the circle were urged to attend Seales Memorial Methodist church next Thursday night to hear Mrs. Julia Lake Kellensberger talk on her recent visit to the Leper colonies in Africa, South America, and India. The High school Glee club will furnish music for the meeting which will convene at 7:45 o'clock.

Mrs. Bornerman's talk on "Broadcasting" and Mrs. Schlegel's travelogue, brought to a close an interesting meeting.

Before members departed for home, refreshments were served.

Flammable cleaning fluids can be ignited by any spark or flame, as can their vapors. Keep away from fires or sparks when using them.

YOUR BIRTHDAY ANNIVERSARIES

TODAY'S HOROSCOPE
IF THIS is your birthday anniversary, you are very ambitious and apt to overdo your zeal to succeed. Do not let disappointment or failures dishearten you. You are resourceful and able to do many things. You are also capable of a deep love.

Theater Action Hearing Scheduled for April 30

By Staff Correspondent
NORRISTOWN, April 3—Hearing on an action brought by the owners of two Pottstown theaters to have a Pottstown borough ordinance voided has been scheduled for 2 p. m., Wednesday, April 30, by Judge William E. Dannehower.

The Warner Brothers Theatres, Inc., owners of the Strand theater, and the William Goldman firm, owners of the Hippodrome theater, have joined in bringing the complaint charging that a licensing ordinance adopted by Pottstown borough council is illegal. The ordinance provides that theaters should pay a license fee amounting to five percent of their gross receipts.

MILK HEARING —

(Continued From Page One)

has impressed upon the dealers a situation which compels them to operate at a loss during a substantial part of the year.

"The level price has resulted in a vast surplus of milk being forced upon the dealer in the Spring and Summer months and shortages of milk in the Fall and Winter months.

"The dealers therefore ask the commission to reduce the retail price of milk one cent until July 1 and then raise the price again as the cost of production goes up. Along with the drop in retail price, a comparable drop in the price paid to producers is also being asked."

Farmers opposed the reduction because of mounting feed, labor and other costs.

Chief witness called to the stand for the farmers was President Judge H. Robert Mays, of Berks county Common Pleas court. One of the biggest milk producers in the county, Judge Mays' farm pastures 80 head of cattle.

He told the commission:

"These men (farmers) have no desire to exploit any one. Let us try to stabilize prices so that we will know what to expect. Let's stop bickering. Let's set the price and let the farmer know what he can expect. This thing of raising prices and then lowering them is unsatisfactory. Let us resolve this problem for the benefit of farmer, dealer and consumer."

Not a consumer was present to take the stand when the commission called for that group's testimony.

LILIENTHAL —

(Continued From Page One)

that he has no doubt there are Communists cells in private enterprises a fraction of the size of TVA.

Vandenberg criticized suggestions — by Taft, among others — that the atomic energy control law be revised to turn control back to the military.

"In peace time you cannot drive scientists into the laboratories by bayonets," he said.

Senator Hickenlooper told the Senate that the atomic committee he heads had established that Lilienthal and other commission nominees are "able and capable men, morally above reproach."

Senator Knowland (R-Calif.) said that approval of Bricker's motion would amount to "repudiation" of the 8 to 1 favorable vote for Lilienthal in the committee.

Taft, in his turn, said Lilienthal is "naïve toward Russia and has a 'misconception of the Russian threat.'"

He said the record shows that Lilienthal has a philosophy which disagrees with "a tremendous majority" of the Senate.

"The Senate should not confirm anybody unless he is the man the Senate would have appointed," Taft counseled. "And if a preferential vote had been taken he would be well below 100 on the Senate list."

Again criticizing the Lilienthal-Acheson report on control of atomic energy, Taft repeated that if it had been followed atomic plants would be built in Russia "for them to operate and produce atomic bombs."

Senator Barkley (D-Ky.) closed the speeches in behalf of Lilienthal by saying that Taft had "advanced a curious if not a spurious theory" that the Senate should not confirm any man unless it would have nominated him.

Bricker's motion would have affected, in addition to Lilienthal, these other presidential nominees to the commission: Robert F. Bacher, Sumner T. Pike, Lewis L. Strauss and William W. Waymack, also Carroll Wilson, general manager. All are serving under interim appointments made by President Truman while Congress was not in session.

Prepare for Canadian Congress

An architect's model of the huge outdoor altar to be erected for the Marian Congress at Ottawa, Canada, June 18-22, is dwarfed by Archbishop Alexandre Vachon, of Ottawa. The theme of the congress, the world's first great postwar Catholic religious demonstration, will be a lasting peace. The structure when complete will be 350 feet long, 155 feet high at the tower, and will seat 75,000 persons.

PHONE STRIKE —

(Continued From Page One)

and J. A. Beirne, NPTW president, today messaged top telephone company officials that "the apparent lack of collective bargaining" indicates "that a strike is inevitable."

"If they (the Government) seized the telephone industry, and there's a law against striking, we'll obey the law," Moran said. "But I don't know of any law which gives them the power."

Moran, president of the American Union of Telephone Workers, NPTW's affiliate representing 20,000 long distance workers, said the "haste" with which the House labor committee considered the Hartley bill indicated official belief that seizure powers are lacking.

That bill would authorize the President to obtain injunctions against strikes in key communications and transport industries.

Chairman Hartley (R - NJ), whose House labor committee approved the bill 16 to 3 yesterday, has abandoned any hope of getting it through Congress before Monday's 6 a. m. (local time) strike deadline—less than four days off.

Allan S. Haywood, CIO vice president, attacked the Hartley proposal in a statement today. He said it is a "blatant open interference in a labor dispute on the side of employers."

LIVING COSTS RISE

HARRISBURG, April 3 (AP)—Living and production costs on Pennsylvania farms rose to an all-time high during the month ended March 15, the State department of agriculture announced today.

MINERS DEFY SUPERSTITION

HAZLETON, April 3 (AP)—All mines in the Hazleton region were in operation today despite an old superstition that miners working on Holy Thursday are subject to possible injury.

Fire Damages Truck In South Pottstown

Fire, believed to have been started by a smoldering cigarette in the seat cushions, damaged a truck parked at the corner of Main and Hanover streets, South Pottstown, last night at 9:30 o'clock.

The Good Will Fire company, answering the call, used a booster stream and carbon dioxide to extinguish the flames which damaged the cab of the vehicle.

Name of the owner of the vehicle could not be learned.

NORCO PETITION —

(Continued From Page One)

dent rate and netted the township \$2000 in traffic violation fines.

Boyle left the past Tuesday to assume duties as chief of police of Upper Merion township leaving the post in North Coventry open.

Yocum said a new policeman's salary would necessitate a boost in taxes in the township because of the rising cost of materials for road repairs and increased salaries of other township employees.

The petition was started several weeks before Boyle's resignation was effective.

\$250,000 Loss Caused By York Plant Fire

YORK, April 3 (AP)—Fire of unknown origin raced through the McGinn manufacturing company plant tonight causing \$250,000 damage and leaving at least half the plant in shambles.

The blaze broke out shortly before 7 p. m. and spread quickly through the foundry, the machine shop, pattern shop, offices and storage room within seven or eight minutes, Fire Chief John Eby, of Spring Garden township where the plant is located, estimated.

The three township fire companies, arriving on the scene almost immediately after the fire was discovered by a night watchman, attacked the blaze and brought it under control shortly before 9 p. m. Early reports showed no injuries.

FLOOD CONTROL FAVORED

WASHINGTON, April 3 (AP)—Mayor David L. Lawrence of Pittsburgh said today that President Truman told him he is in favor of continuing work on the Conemaugh river flood control dam.

U. S. Demands Action On Jap Reparations

WASHINGTON, April 3 (AP)—The United States jammed through an order for an immediate start on reparations from Japan today in the face of protests from some other members of the 11-nation Far Eastern commission.

A diplomatic official said the action—taken to benefit China and other war-torn lands—drew protests from Russian, French, Indian and Australian representatives at a commission meeting.

It was the first time the United States has resorted to such drastic action. In doing so, it was said to have been supported by New Zealand, Canada, China, The Netherlands and The Philippines. Great Britain steered clear of the dispute.

UNRRA PROTESTS BOMBING

SHANGHAI, Friday, April 4 (AP)—UNRRA sent the Chinese government a stiff protest today to the bombing and strafing of a relief ship by a government plane at the Communist-held port of Shikhsuo Wednesday.

Gondolas, the characteristic conveyances of Venice, were used as far back as 1094.

SECRETARY KRUG —

(Continued From Page One)

sprawled over at least 19 states, just as Lewis began a stormy day of testimony before a House labor subcommittee. Lewis demanded more rigid safety laws and got support from several congressmen.

The 518 mines which Krug closed produce 616,000 tons of bituminous coal a day and employ 102,699 men, according to William J. Dougherty, spokesman for the Solid Fuels administration.

The Coal Mines administration tentatively placed them as follows: Pennsylvania 153, Kentucky 81, Illinois 49, Ohio 43, West Virginia 40, Alabama 32, Virginia 29, Arkansas and Indiana 19 each, Colorado 16, Oklahoma 9, Iowa 6, Utah 4, Maryland 3, Kansas, New Mexico, Tennessee and Washington 2 each, Montana one.

This adds to 512. The mines were listed by companies, and the location of the other six was not ascertained immediately.

The waltz was a German dance invention, traveled across the Rhine into France at the end of the 18th Century.

STRIKE'S EFFECT —

(Continued From Page One)

progress since March 19, Staples said, and settlement is expected before Monday, the date set by their strike notice. Bell repairmen and installers make up its membership. Staples stated, "Any possible interruption or impairment of the telephone service of the people of Pennsylvania on Monday morning will result only from two things: Either from failure of employees of other operating companies to handle out-of-town traffic or from the unexpected sympathetic acquiescence of some of our Pennsylvania employees with the plans and purposes of the National Federation of Telephone Workers."

Two of the greatest Roman poets were friends: Virgil and Horace.

These views of the Holy Land show scenes where Christ suffered His agony and death on the Cross, which Christians the world over commemorate today. The top photo shows the rocky paths down the Mount of Olives, with the Church of All Nations and Garden of Gethsemane in the foreground. The center photo shows a Franciscan among olive trees in the Garden of Gethsemane. The lower photo is a view from the Mount of Olives toward the ancient walled city of Jerusalem.

A family group of mine workers pray at the altar in their Coverdale home in memory of the victims of the Centralia, Ill., mine disaster. In this group are Mrs. Mary Coates, whose husband died in a mine accident; her son, Stanley Coates; and her grandson, Frank Pesko (standing left). Both men work at a Coverdale mine. UMW President John L. Lewis had ordered his 100,000 miners to observe a week of mourning for the dead Centralia miners.

About to be ousted from their dwellings by the United Nations' World Capital project on New York's East River front, scores of families worry over finding new quarters in a city where the housing problem is acute. Housewives, meanwhile, go about their daily chores. On the roof of a doomed building an attractive matron hangs out wash.

Sprawled on the floor in his home in Wilmette, Ill., Whitey Pope, II, reads the comics with the assistance of two friends—a six-foot python and a land turtle. The pets were given Whitey by his dad, Clifford H. Pope, who is the curator of reptiles and amphibians at the Natural History museum in Chicago.

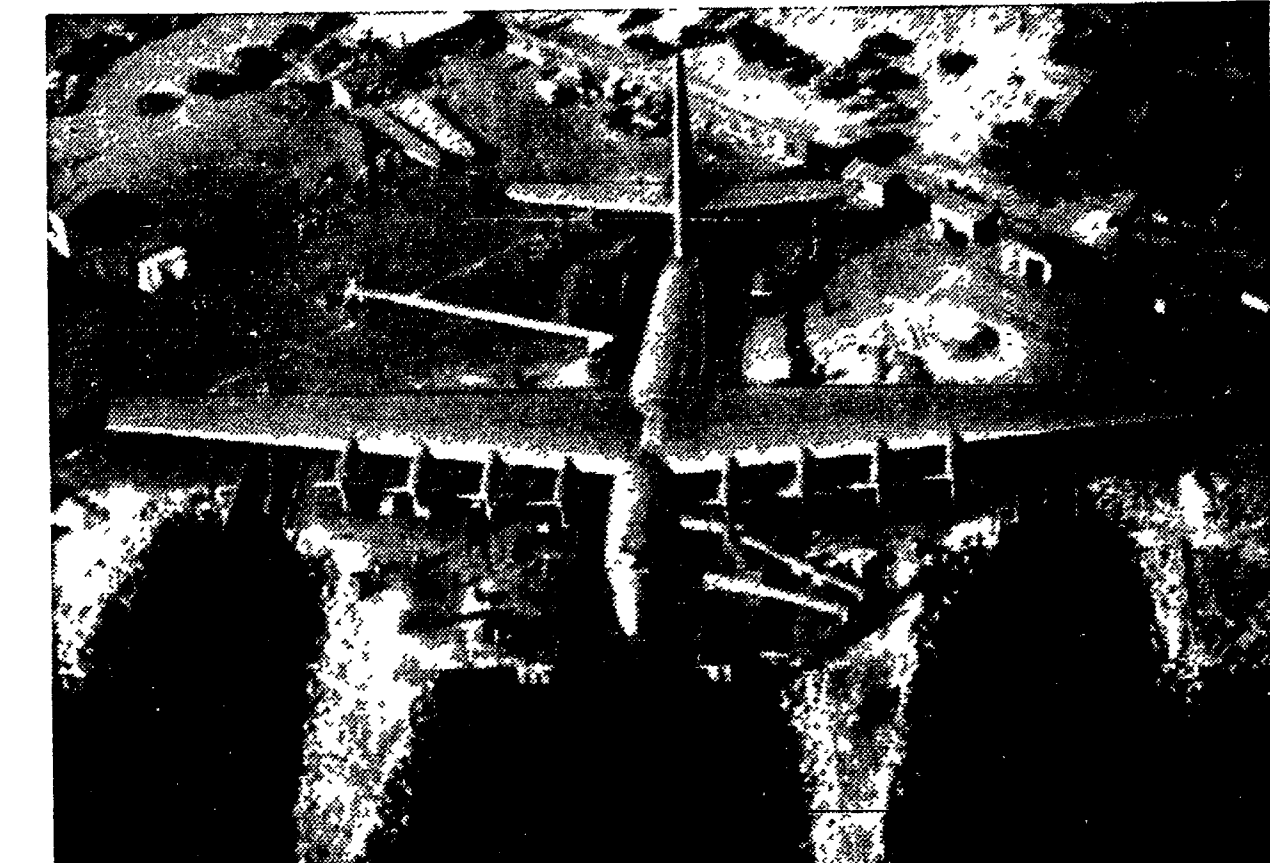

From his crib in the Norwalk, Conn., hospital, Franklin D'Uil, 3, shows his appreciation to the public for giving him a chance to live. A sufferer from nephrosis, usually fatal to children, the little boy had to be treated with expensive albumin serum, for which \$5000 was contributed after an appeal through newspapers.

At the age of three, Prince Constantine of Greece learned to salute during a military parade in Athens. Just behind him stands his mother, who became Queen Frederika when King Paul I succeeded the late King George II. Now six years old, Constantine becomes Crown Prince and heir apparent. While their majesties have a daughter, Princess Sophia, 8, Greek laws allow only male succession.

The driver of the overturned car was injured when it collided with a bus which came to a stop with its front wheels about five feet in the air on top of the sedan at Thompsonville, Conn. The bus was loaded with factory workers who climbed out and walked the remaining short distance to the plant. Anthony Krupa of Suffield, Conn., the driver of the car, was taken to Mercy hospital, Springfield, Mass.

Howard Hughes' giant, eight-engined flying boat is nearing completion at Long Beach, Cal., at an estimated cost of \$20,000,000. Hughes may be at controls during taxi tests.

Roger Atwood King, 3, and his cat, Cicero, are interested observers of Oscar, a pet turtle, in the King home in Whittier, Calif.

A keeper in the Vienna zoo gets an exceptionally broad smile from 'George the Emperor' tamus, new father of baby Josef, who weighed 120 pounds.

These are the remains of the Brown Manufacturing plant in Clinton, Mo., following an explosion which wrecked the building of the fireworks manufacturing concern. Ten persons were killed and five others injured in the blast.

Sir Edwin Plowden (above), 46, wartime chief executive of the Ministry of Aircraft Production, has been appointed to the new post of chief planning officer to the British government.

Bell Suspends Filchok and Hapes Indefinitely

Playing Days Just About Over For Two Gridders Entangled In Attempts to Fix Title Contest

PHILADELPHIA, April 3 (AP) — Merle Hapes and Frank Filchok, New York Giants ace backfield players who became entangled in gamblers' attempts to fix the National football league's championship game last Dec. 15, today were suspended indefinitely in the latest chapter of the biggest sport scandal since the 1919 World Series.

Suspended

Frank Filchok (above), one of two New York Giants backfield aces who became entangled in attempts to fix the National league's title game last Fall, was suspended indefinitely yesterday by Commissioner Bert Bell. Merle Hapes was also suspended.

THIS & THAT

BY BOB RIEGNER

More answers here coming in as to the solution of the six hits problem and it seems as though there are more people arriving at the correct answer.

Therefore, we will give you the answer for the benefit of those who haven't figured it out.

First man up triples and is thrown out at home attempting to stretch his hit into a home run. (one hit and one out) Second man triples. (two hits and one out) Third man hits infield single with runner holding third. (three hits and one out) Runner is picked off third base. (three hits and two outs) Fourth man singles with runner taking third. (four hits and two outs) Fifth man beats out infield bingle leading bases. (five hits and two outs with the bases loaded). Sixth man raps one toward second which hits runner. Officially given a hit which makes total six and the runner is automatically out thus making the third out. Simple, what?

The interesting part about this problem is the fact that it actually happened last year in the major leagues. If you haven't already guessed, it happened to Brooklyn.

Those who didn't get the correct solution, and there were quite a few, seemed to get stuck with two outs and the bases loaded. They wanted the sixth man to hit a single to the outfield with the runner being thrown out at home.

This, however, can't be and regardless of whether or not the ball fell safely in the outfield, if the runner is nabbed at the plate in a situation where the bases are loaded, the man does not receive credit for the hit.

We quoted from the official playing rules of the professional baseball clubs. "In no case shall a base hit be scored when a base runner is forced out by the play."

One fan called this column and after reading the bases with three straight singles, wanted to have three force plays at the plate, with each batter getting credit for a hit. No can do.

Any sports fan who knew about the rule which automatically gives a hit to a batsman when a batted ball hits a runner, would have had no trouble whatsoever with this little quiz.

HOCKEY RESULTS

PROS TO PLAY AT READING IN OCTOBER

Nation's Top Golfers Slated to Meet in \$10,000 Open Tourney

Practically all the leading pro golfers in the country will assemble at the Berkshire Country club, October 17, 18 and 19 for the \$10,000 Reading Open golf tournament.

Among the more famous clubbers will be Byron Nelson, former pro at the country club who will be making a return trip to his former shooting grounds.

Others who have been invited include Ben Hogan, Jimmy Demaret, Lloyd Mangrum, Lawson Little, Sam Snead, George Schou, Dutch Harrison, Lew Worsham, Herman Barron, Ed "Porky" Oliver, Craig Wood, Cary Middlecoff, Horton Smith, Herman Keiser, Ed Furgol, Henry Ransome, Dick Metz, Chick Harbert, Willie Goggin, Jim Turnesa, Joe Zarhardt, Jay McSpaden, Vic Ghezzi, Clayton Heafner, Henry Clay Poe, Charley Whipperman, Lefty Faber, Chick Hart, Johnny Wetzel, Bob Wallace and Bob Middleton. The last seven named are the pros at the Berkshire at the present time.

Effort will be made to get Frank Stranahan, one of the country's leading amateurs. Stranahan is familiar with the Berkshire course, having played the layout while a student at Kutztown Teachers college.

POTTSTOWN MERCURY SPORTS

FRIDAY, APRIL 4, 1947 PAGE 22

Seniors Best Sophomores For Second Time by 10-1

The seniors and juniors hung up their second victory over the sophomores as Coach Ed Good ran his Pottstown High school Trojans against an inter-squad game yesterday afternoon.

The seniors hung up a 10-1 decision and added to the 7-5 victory in the first game, gave the upperclassmen a clean sweep thus far, although Good has decided to give the sophomores another chance this afternoon at 3 o'clock.

The contest was a little longer than the regulation seven innings played by high school combinations, but it gave the Trojan mentor a chance to get just about everybody into the tussle.

Howie Fields started on the mound and pitched shutout ball for the winners, while Carl Jenkins finished up the final three innings and it was a bad throw in the final

frame that allowed the underclassmen to push across a tally.

The game was played on the practice, since the rain had left the regular field in no condition for a baseball game.

PENN WINS OPENER

PHILADELPHIA, April 3 (P) — University of Pennsylvania's baseball nine pulled a triple play today in defeating Lafayette, 6 to 2 to open Penn's 73rd season. In the sixth inning, with Lafayette men on second and third, Bob Evans, Penn's shortstop, scooped up a roller and threw to first baseman Jerry McCarthy who tagged out the batter. McCarthy shot the ball to second baseman Ben Gulla who ran down Lafayette's Connie Villante between second and third, then tagged Bill Carlson before he could return to third base.

TEPSIC SAYS HE'S QUITTING BROOKLYN BUMS

Balks at Leaving Dodgers After Being Optioned to Mobile

HAVANA, April 3 (P) — Joe Tepsic, former Penn State college baseball and football star who received a \$17,000 bonus for signing a baseball contract with the Brooklyn Dodgers last May, said today that he was quitting the club.

Tepsic had been assigned to the Mobile, Ala., farm in the Southern Association on option two days ago but balked at leaving the Dodgers. He said he was a big leaguer until it could be proved otherwise.

Branch Rickey, president of the Dodgers, asked Tepsic to change his mind last night, but the 23-year-old outfielder from Sloan, Pa., remained adamant today and said he would fly home tomorrow afternoon. The Dodgers have provided him transportation as far as New York.

Rickey said it was the opinion of the club officials that I needed minor league experience," Tepsic said. "How do they know? They never have seen me play."

Tepsic added that Rickey had offered him a choice of two other minor league clubs, St. Paul and Fort Worth. He said he had no plans but observed that he would have no difficulty in landing a professional football job as the Pittsburgh Steelers in the National Football league had drafted him while he was in service.

GIANTS CHANGE SCHEDULE

NEW YORK, April 3 (P) — The New York Giants, Eastern Division champions of the National Football league in 1946, will play a 12-game schedule this Fall instead of the customary ten or 11 game program of the past, club president John V. Mara said today.

Nelson and Demaret Shoot 69s To Pace Field in the Masters

AUGUSTA, Ga., April 3 (P) — A couple of veteran campaigners, Byron Nelson and Jimmy Demaret, led the field of 58 in today's opening round of the 11th annual Masters Golf tournament with three under par 69s.

The two native Texans, with Nelson now retired at Roanoke, Tex., and Demaret now playing out of Ojai, Calif., had a one stroke lead over seven others who tied at 70. Nelson, winner of the event in 1937 and 1942, posted rounds of 35-34 over the par 72 (Elae) National layout, while Demaret shot the 6800-yard course in 36-33.

Tied at 70 were George Snelitzer of Salt Lake City, Johnny Palmer of Badin, N. C., Jimmy Ferrier of Chicago, Johnny Bulla of Phoenix, Ariz., Fred Haas of New Orleans, Ed Oliver of Wilmington, Del., and Lew Worsham of Washington, D. C.

George Schou of Mamaroneck, N. Y., one of the younger pros who is now fifth among the money winners, had a 71 after a bad start which saw him miss three consecutive putts of less than three feet.

Bobby Jones, the famed grand-slammer, playing with defending champion Herman Keiser, went out in even par 36, but ran into trouble on the second nine and after three holes had dropped four strokes, to par.

Byron Nelson, Roanoke, Tex., 36-34-69.

Jimmy Demaret, Ojai, Calif., 36-33-69.

George Snelitzer, Salt Lake City, 36-32-70.

Fred Haas, New Orleans, 37-33-70.

Police Told Children Breaking Car Windows

Police received a complaint yesterday that children are breaking windows of motor cars parked at a lot on Apple street, between Washington and Franklin streets. Wilmer E. Knight of the Doehler's-Jarvis corporation plant said stones, apparently are being thrown deliberately at automobiles owned by employees of the plant.

Christ's Big Decision Made at Gethsemane, Rev. Hallock Tells Union Service Group

Declaring that the greatest decision made by Jesus Christ during Holy Week was not made on Calvary but in the Garden of Gethsemane on Thursday, the Rev. A. Burtis Hallock Jr., pastor of the First Presbyterian Church, yesterday closed the four-day series of Holy Week Union services at the First Baptist church.

The Rev. Hallock spoke on "The Suppressed Hour" to more than 40 members of the combined congregations of the First Baptist, Christ Episcopal and First Presbyterian churches.

Telling the story of Christ's prayer and meditation in the Garden of Gethsemane, he related how the Lord prayed.

"O My Father, if it be possible let this cup pass from Me; nevertheless, Thy Will, not Mine, be done."

"This has become known as 'The Suppressed Hour,' he explained. 'This hour was the time in Christ's life when He faced God's will on one hand, and His own will on the other. He had to decide what He had to do about it.'"

Because of this crisis, Gethsemane was a place of struggle, a battlefield of the spirit, the Rev. Hallock went on.

"There is a suppressed hour in everyone's life," he declared, "when a person faces the difference between God's will and his own and makes a decision. We all try to suppress, evade, or postpone that hour."

"The biggest battles of our lives are waged in our secret encounters with God," he asserted.

"Gethsemane," he stated, "is a great lesson in prayer. When Christ prayed to his Father to

Clay Is Pessimistic On Council Deadlock

BERLIN, April 3 (AP)—Four power agreement on German reparations and economic unity "can't possibly be realized" at the present conference of foreign ministers, Gen. Lucius D. Clay told newsmen today upon his arrival by special plane from Moscow.

The American military governor, smiling and apparently vigorous despite long hours at the Moscow

TRICYCLE IS STOLEN

Theft of a child's tricycle was reported to police last night by Samuel Fry, of 534 Chestnut street. He said the vehicle was taken from the yard of his home.

Blood temperatures may be taken by a thermometer so small it may be pushed through a hollow needle into a vein.
